Materials: Text: Music: An Appreciation (Brief Edition) by Roger Kamien

OR, Take good Lecture Notes

Also, Read and Research Music Historical Facts and Composers ONLINE

Objectives:

1. To acquire basic information about music, become familiar with the literature of music, its styles, forms, vocabulary, and other aspects that contribute to the basic knowledge of the art.
2. To learn to listen intelligently and sensitively to what is going on in the music
3. To develop sensitivities and sensibilities to a wide variety of musical styles
4. To become familiar with the broad historical survey presented in class, and to concentrate specifically on one to three composers representing each style period in music.
5. To develop an awareness of the musical opportunities, and performances available in Imperial Valley County and the wider communities; and begin to participate as a listener, and/or performer.

Concert Attendance and Critique: The student is **required to attend two Music Concerts**, and submit to the instructor, a Concert Critique for EACH one. One concert must be Classical in nature (for example Band, Orchestra, Chamber Music, Choir, etc.), and the other may be Contemporary, or, a 2nd Classical concert. The Concert critiques should be type-written, and at least a full-page in length (double-spaced). The Concert Ticket and Program (if available) must be attached to the Critique for validity. Concert Critiques are due 1 week before the Final Exam, or, at latest on the day of the Finals.

The “Famous Composer” Class Presentation: Each student will choose a composer from the assigned musical era (given by the instructor), and will write a paper (3 pages minimum, double-spaced) about the composer’s Life and Works. The student will also give a 10 to 15 minute class presentation of the composer chosen, which will be graded. *The student has the option to work individually, or as part of a small group.*

Quizzes (3) including Final Exam: There will be an Exam after each major unit of study which will be announced in advance. The quizzes will comprise Multiple Choice Questions. ***You will need Scrantons and #2 Pencils for Exams.*** Exams will NOT be made-up, except in documented extenuating circumstances. In the rare event that a quiz is made-up, it must be done no later than ONE week following the original date of the quiz. The FINAL EXAM may be comprehensive, based on the general

progress of your class, or, may consist only of the last portion of lectures. It truly depends on the general achievement of your class as a whole. It is *strongly advised that students take notes during lectures, as Quizzes and Final Exams are taken DIRECTLY from lecture notes.*
