Course Requirements and Instructional Methods

Instructional Methods: Lectures, including material not covered in your readings, class discussions requiring your active participation, student oral presentations, and films will supplement your required readings. Both outside and in-class writing assignments are required. Students should actively read the textbooks, bringing any questions you have about the material to class, and take careful notes in class. **Completing the assigned readings before you come to class will greatly increase your understanding and success in this class.**

EXAMS: (250 points total) Three exams are required. There are no make-up exams, unless you make arrangements with the instructor BEFORE the exam. Any uncoordinated, unexcused missed exam will result in a score of “0” for that exam. **Bluebook(s), a scantron (100) and a No. 2 pencil must be brought to each exam.** Bluebooks and scantrons can be purchased in the college bookstore.

ASSIGNMENTS: (Up to 150 points): A variety of written assignments, both in class and outside, will be given throughout the semester based on weekly readings, lectures, class discussions, or films shown in class (5 to 50 points each). Papers will include short opinion papers (1 to 2 pages), and one longer analytical paper (3-5 pages). There will also be online discussions in Blackboard. **If you miss class, you might miss one of these assignments, and there are NO make-ups on these assignments.** All assignments, discussions, and due dates will be posted in Blackboard so please check the Blackboard Announcements often so that you don't miss anything. Each student can expect to complete at least 7 to 10 pages of written work in this course.

Late Assignments: Late assignments will be accepted until the graded assignment is returned to students, but **lose 5 points per day** it is late. **It is the student's responsibility** to find out if they missed an assignment and to turn it in at the same time as the rest of the class. **You DO NOT get extra time to turn in assignments just because you are absent.** Students should make arrangements to turn in the assignment to the instructor's mailbox or office, if unable to bring it to class. In an extreme emergency, I will accept an assignment by email but only once per semester per student.

Course Grade

The course grade is based on total points accumulated during the semester. **There is a possible total of 350 to 400 points.** Very **limited extra credit** points may be available, either through some class participation activity, group work or perfect attendance. **Failing to turn in regular assignments will prohibit you from being able to earn extra credit points.** Final grades are calculated as follows: 90-100% (A), 80-89% (B), 70-79% (C), 60-69% (D), below 60% (F).

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details. If you are in class anytime during the semester but stop coming to class and do not withdraw officially, you will receive an F.
- Regular attendance in all classes is expected of all students. Attendance will be taken every class period. If you are late or leave early, you may be marked absent. It is your responsibility to make sure I know you were in class. Students who stay for less than two-thirds of the class are considered absent. Students are responsible for all materials, assignments, or information given in class, regardless of whether you were in class. **A student whose**

continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.

- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as ‘excused’ absences, however do not take this class if you will have to miss more than two classes as a result of these activities, because it will seriously impact your ability to successfully complete the course.

Classroom Etiquette

- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class unless otherwise permitted by the instructor.
- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception.
- Disruptive Students: Coming in late, leaving and returning during class, and leaving early is disruptive. Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
- Children/visitors in the classroom: Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.
- Active Participation: It is not okay to talk, sleep or do homework for another class. Class will end on time, so don't pack up early and disrupt the class. The best way to pass this class is to pay attention and ask questions when you don't understand something. Take notes because it will help you to study for the exams.

Academic Honesty

I will meet individually with anyone I suspect of plagiarism or cheating. Make sure you understand the following:

- Plagiarism is to take and present as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to correctly ‘cite a source’, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials, or assisting others in using materials, which are prohibited or inappropriate in the context of the academic assignment in question.
Anyone caught cheating will receive a zero (0) on the exam or assignment and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General School Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to the following: (a) Plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment (e) use of a commercial term paper service.
