COURSE DESCRIPTION

This course will examine the origin, development and operation of local, state and national political institutions within the United States, emphasizing the contemporary operations of the American political system. Students will gain an understanding of important American documents, the rights and powers provided therein, and the structure of the American system of government.

The goal of this course is to foster informed, responsible participation in public life. Knowing how to be a good citizen is essential to the preservation and improvement of the United States democracy. Upon completion of this course, students will understand the major ideas, protections, privileges, and structures that affect the life of a citizen in the United States political system.

“I know of no safe depository of the ultimate powers of the society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion.”

~Thomas Jefferson (1820)

NETIQUETTE

Netiquette is a combination of the words "network" and "etiquette." Basically, it describes things you should and shouldn't do while communicating with other people online. This is especially important in a classroom environment. Here are some examples:

- Don't capitalize all letters while posting a thought or emailing someone. THIS IS CONSIDERED SHOUTING, AND IT IMPLIES THAT YOU ARE ANGRY. Capitalize words only to highlight an important point or to distinguish a title or heading.
- Never use profanity or make hurtful comments toward someone or when referring to someone's work. This is considered flaming.
- Be careful when using humor or sarcasm; you never know how someone else will interpret it.
- Be respectful of diverse opinions.

You can learn more about Netiquette by viewing the Core Rules of Netiquette available at <http://www.albion.com/netiquette/corerules.html>, as excerpted from the book *Netiquette* by Virginia Shea. Also, you can test your knowledge by taking the Netiquette Quiz at <http://www.albion.com/netiquette/netiquiz.html>. (Both links courtesy of Albion.com).

Overall, please be courteous to the instructor and to your fellow classmates. If you see postings that are inappropriate, please bring them to the instructor's attention. If a problem occurs, you should be aware of the IVC Student Conduct and Complaint policy, accessible on pages 41-44 of the [IVC General Catalog](#).

GRADES

How much you learn in the course, as well as your final grade, depends on the effort you put into the readings, assignments, and class preparation. I will allow **25 points of extra credit for participation and attendance**. Grades will be assigned on the basis of the following weights:

POSSIBLE POINTS		FINAL GRADES	
Assignment 1	50 points	315 - 350 points =	A
Assignment 2	50 points	280 - 314 points =	B
Assignment 3	50 points	245 - 279 points =	C
Midterm Exam	100 points	210 - 239 points =	D
Final Exam	100 points	239 or less points =	F
Total	350 points		

ATTENDANCE POLICY

Students are expected to attend all class sessions and to arrive to class on time, with all electronic devices turned off and put away. Since participation in classroom work and discussion is an important part of this course, students will have **10 points deducted** from their class points for each unexcused absence. Students having three unexcused absences may be dropped from the class. Students who are tardy three times will be considered as having been absent once. Absences attributed to the representation of the college at officially approved conferences and contests and attendance upon field trips will not be counted as absences.

LEAVING CLASS: Students are expected to remain in the classroom throughout the entire class session. Students leaving the class early, without obtaining approval from the instructor prior to the start of class, will have **5 points deducted** from their total class points each occurrence.

CELL PHONES and ELECTRONIC DEVICES: Cell phones and electronic devices must be turned off and put away during class, with the exception of laptops or tablets for note taking purposes only. Students violating this policy during a class period will have **5 points deducted** from their class points. Students caught doing non-course related work during class will get one warning; a 2nd offense will result in **one full letter grade deduction** from your final grade.

ASSIGNMENTS

Students are required to complete three Video Assignments during the semester. Assignments are worth **50 points** each. Information regarding the assignments will be available through the course Blackboard site.

EXAMS

Two exams will be given during the course, each worth **100 points**. Each exam is objective and will cover material discussed in class and presented in the readings. Late exams are not allowed, unless *prior* approval has been obtained from the instructor.

GRADING RUBRIC

The following grading rubric will be used when grading student assignments. Remember to use proper English and grammar when preparing your assignments, and to follow all guidelines and directives of the instructor.

Grading Rubric for Assignments

- B** Generally focused and contains some development of ideas, but the discussion may be simplistic or repetitive. Evidence is provided which supports conclusions. May have occasional grammatical errors. Meets assignment requirements.
- C** May be somewhat unfocused, underdeveloped, or rambling, but it does have some coherence. Some evidence is provided which supports conclusions. May have several grammatical errors. Meets minimum assignment requirements.
- D** Unfocused, underdeveloped, and/or rambling. Minimal evidence is used to support conclusions. May contain serious grammatical errors that impede overall understanding. Does not respond appropriately to the assignment.
- F** Minimal effort by student. Unfocused, underdeveloped, and/or rambling. May be unduly brief. Evidence is not used to support conclusions. May contain serious grammatical errors that block overall understanding. Does not meet assignment requirements.

PLAGIARISM AND CHEATING

Plagiarism is to take and present as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials.

Cheating is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials, or assisting others in using materials, which are prohibited or inappropriate in the context of the academic assignment in question, such as:

- copying or attempting to copy from others during an examination or on an assignment;
- communicating test information with another person during an examination;
- allowing others to do an assignment or portion of an assignment, including the use of a commercial term paper service.

Basically, you cannot copy anything directly from any source, including your textbooks or the Internet, unless you are using a quotation. You must note the book or article or website and page number from the source of your quote. If you paraphrase something, you must also cite the source of your information. *If cheating or plagiarism is discovered, the assignment will be given "0" points. Violations will be reported to the IVC Dean of Student Affairs.*
