### Course Requirements and Instructional Methods

**On-Line Work:** Much of your homework will take place online. You MUST, therefore, purchase and use the online part of this class. Please note that online access for this class is available for one year. However, it can only be used by ONE person. You cannot share or sell your code. The program that the class uses is web-based. This means that you can access it from anywhere that you can access the internet. You are expected to have your books and be registered online by the 2nd week of instruction. Online work will be assigned on a weekly basis and must be completed by the time stated by your instructor. Late assignments will NOT be accepted. This means that you can't wait until the end of the term to try to complete your work. If you have questions about the information covered online, you will need to bring these questions with you to class as we will not typically go over exercises that you complete online.

**Oral Presentations:** you will be required to do give 4 oral presentations in class (5 % each speaking task).

**Group Project.** You will work on 1 research project at the end of the semester (10% ). You will need to choose a topic and sign up with the teacher, and you will research and present your project both orally and visually with your group.

**Out of Class Assignments:** The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.
