

Basic Course Information

Semester:	Spring 2017	Instructor Name:	Jeff Burt
Course Title & #:	Math 091	Email:	jeff.burt@imperial.edu
CRN #:	20103	Webpage:	N/A
Classroom:	2722	Office #:	2765
Class Dates:	2/13/17 - 6/9/17	Office Hours:	
Class Days:	M W F	Office Phone #:	760-355-6489
Class Times:	11:10am - 12:45pm	Emergency Contact:	Division office: 760-355-6155
Units:	5		

Course Description

A further study of the concepts of algebra. Topics covered include linear and quadratic equations, relations, functions and graphs, systems of equations, logarithmic and exponential functions, conic sections, and sequences and series. (Nontransferable, AA/AS degree only)

Student Learning Outcomes

1. Solve quadratic equations by factoring, completing the square, and quadratic formula. (ILO2)
2. Solve equations involving radicals. (ILO2)
3. Recognize and graph conic sections from their equations. (ILO2)
4. Perform operations on functions algebraically. (ILO2)
5. Solve an application involving exponential functions. (ILO2, ILO5)

Course Objectives

1. Demonstrate an understanding of radical expressions and equations.
2. Demonstrate an ability to solve applications, inequalities and absolute value inequalities.
3. Demonstrate an understanding of quadratic functions, including graphing and equations.
4. Demonstrate an understanding of functions and relations, including one-to-one functions.
5. Demonstrate an understanding of logarithmic and exponential functions and their graphs.
6. Classify and graph ellipses, parabolas, and hyperbolas.
7. Demonstrate an understanding of sequences and series and their operations.

Textbooks & Other Resources or Links

The text book is Mandatory Required Materials

1. Introductory and Intermediate Algebra for College Students (4th Ed); Pearson ISBN 978-0321729385
2. Scientific Calculator only. No cell phones or graphing calculators allowed.
3. Mathxl access code (mandatory). You can purchase access to mathxl online or at the bookstore. It also comes bundled when you purchase your textbook new.

Course Requirements and Instructional Methods

The goal of this course is for you to gain the necessary skills and knowledge to do well, and improve your mathematical abilities, so you are able to succeed in future courses. My responsibility is to help you in any way I can to accomplish these goals, however it is your responsibility to be committed to your own success and keep up with the pace of the class. To do so you need to complete assignments on time and **please** ask questions when you have them.

Homework will be completed in the MathXL program. There will be **four** homework assignments. Each assignment is due before the test that covers that material.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement. This means you should plan on 5 hours of class time, plus an additional 10 hours each week for working outside of class. This means you should spend at least 15 hours working on math each week.

Course Rules:

- 1) Late work is not accepted. If you are going to be gone, contact me **before** the absence to make arrangements.
- 2) There are **no** make up tests.
- 3) It is your responsibility to drop or withdraw the class. Failure to do so will result in a regular grade (most probably an F).
- 4) Regular attendance is recommended and expected. The instructor can drop you from the class if you have more than the allowed number of absences.
- 5) ***You need to ask questions whenever you have them.*** If not in class, please come to my office during office hours, call me, email me, go to the math lab, google it, YouTube it, etc.
- 6) It is your responsibility to make up the work you missed if you are absent. I highly recommend finding someone else to copy notes and material from that were covered in your absence.

Course Grading Based on Course Objectives

There will be 4 in class exams, worth 100 points each. There will be a beginning algebra review test worth 25 points. The final is comprehensive and is worth 125 points. **There are no make-ups for the exams or final.** Plan to be here for the exam dates in the schedule, but also note that those dates can change, so make sure you are paying attention and staying up to date. Any missed exam will result in the grade of a '0'. Your lowest exam score will be replaced with your homework average at the end of the semester. If you are going to miss an exam for any reason this takes care of it.

Remember no make-ups. This can only be done once and does not apply to the final exam.

There will be 4 homework assignments each worth 25 points. Each assignment is due before the test covering the same material (i.e. the chapter 2 homework is due before the chapter 2 Exam). They will be graded as follows:

100% - 80% = 25 points, 70% - 79% = 20 points, 60% - 69% = 15 points, 50% - 59% = 10 points, 40% - 49% = 5 points, Less than 40% correct = 0 points.

Grading: You need at least 455 combined points for a 'C' grade. It is broken down as follows

Homework (in MathXL)	100 points
Beginning Alg. Review Test	25 points
Exams	400 points
Final	125 points
<hr/>	
Total	650 points

So that means every 65 points is a letter grade. 650-585 = A; 584-520 = B; 519 - 455 = C, 454 – 390 = D, 389 – 0 = F

Attendance, class participation and the instructor's subjective interpretation of work may be used in assigning a final grade to borderline cases.

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For

online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.

- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as ‘excused’ absences.
- It is your responsibility to drop before the W deadline. (May 13, 2017)

Classroom Etiquette

- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the [General Catalog](#).
- Children in the classroom: Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

Online Netiquette

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others’ opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!)].

Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another’s work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one’s own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to “cite a source” correctly, you must ask for help.

- **Cheating** is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

Additional Student Services

Imperial Valley College offers various services in support of student success. The following are some of the services available for students. Please speak to your instructor about additional services which may be available.

- **[Blackboard Support Site](#)**. The Blackboard Support Site provides a variety of support channels available to students 24 hours per day.
- **[Learning Services](#)**. There are several learning labs on campus to assist students through the use of computers and tutors. Please consult your [Campus Map](#) for the [Math Lab](#); [Reading, Writing & Language Labs](#); and the [Study Skills Center](#).
- **[Library Services](#)**. There is more to our library than just books. You have access to tutors in the [Study Skills Center](#), study rooms for small groups, and online access to a wealth of resources.

Disabled Student Programs and Services (DSPS)

Any student with a documented disability who may need educational accommodations should notify the instructor or the [Disabled Student Programs and Services](#) (DSP&S) office as soon as possible. The DSP&S office is located in Building 2100, telephone 760-355-6313. Please contact them if you feel you need to be evaluated for educational accommodations.

Student Counseling and Health Services

Students have counseling and health services available, provided by the pre-paid Student Health Fee.

- **[Student Health Center](#)**. A Student Health Nurse is available on campus. In addition, Pioneers Memorial Healthcare District provide basic health services for students, such as first aid and care for minor illnesses. Contact the IVC [Student Health Center](#) at 760-355-6128 in Room 1536 for more information.
- **[Mental Health Counseling Services](#)**. Short-term individual, couples, family, and group therapy are provided to currently enrolled students. Contact the IVC [Mental Health Counseling Services](#) at 760-355-6196 in Room 2109 for more information.

Student Rights and Responsibilities

Students have the right to experience a positive learning environment and to due process of law. For more information regarding student rights and responsibilities, please refer to the IVC [General Catalog](#).

Information Literacy

Imperial Valley College is dedicated to helping students skillfully discover, evaluate, and use information from all sources. The IVC [Library Department](#) provides numerous [Information Literacy Tutorials](#) to assist students in this endeavor.

Anticipated Class Schedule/Calendar

	Day 1	Day 2	Day 3
Week 1 2/13 – 2/17	Introduction & Review	Alg Review Test & Review	Holiday
Week 2 2/20 – 2/24	Holiday	8.1, 8.2	8.3, 8.4
Week 3 2/27 – 3/3	8.4, 9.1	9.2	9.3, 9.4
Week 4 3/6 – 3/10	10.1	10.2	Exam 1
Week 5 3/13 – 3/17	10.3, 10.4	10.4, 10.5	10.6
Week 6 3/20 – 3/24	10.7	11.1	11.2
Week 7 3/27 – 3/31	11.4	11.3	11.3
Week 8 4/3 – 4/7	11.5	Review	Exam 2
Week 9 4/10 – 4/14	12.1	12.2	12.3
Week 10 4/17 – 4/21	Spring Break	Spring Break	Spring Break
Week 11 4/24 – 2/28	12.4	12.4	12.5
Week 12 5/1 – 5/5	12.5	Review	Exam 3
Week 13 5/8 – 5/12	13.1	13.2	13.3
Week 14 5/15 – 5/19	13.3, 13.4	13.4	13.5
Week 15 5/22 – 5/26	13.5, Review	Exam 4	14.1
Week 16 5/29 – 6/2	Holiday	14.2	14.3
Week 17 6/5 – 6/9	Review	Review	Final Exam
