### **Course Requirements and Instructional Methods**

Over the course of the semester, you will have six writing assignments including the final exam paragraph. You will also have four to five quizzes and a sentence combining section of the final examination. Your homework assignments will be related to your textbook, verb tense review manual, and various handouts and handout activities given in class.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

### **Course Grading Based on Course Objectives**

Students' grades will be determined on a point basis. The writing assignments are 42% of your grade. The quizzes are 30% of your grade, and the final exam is 28% of your grade. Therefore, it is very important to turn in all assignments, take every quiz, and complete the final exam. All writing assignments will be graded as follows: 20-18 points=A; 17-16 points=B; 15-14 points=C 13-12 points=D. If an assignment receives a non-passing grade, students may rewrite it until it receives a passing grade of "C" only. Students must remember to rewrite any non-passing assignments. Homework assignments can be turned in late but only one class session after the original due date. Late assignments cannot receive

an “A” grade. They can only receive a “B” or “C” grade. All rewrites of first draft paragraphs must be turned in no later than one class session after the first draft’s original due date. You may make up only one quiz, and you must make up a quiz within a week of your absence. You can take a quiz early if you plan it with me. Class participation will also be part of your grade. If you are late or leave the class early frequently, take longer than necessary breaks, or leave the classroom at any time for long periods of time, it will affect your class participation grade.

## Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student’s status will be the same as that of any other student who desires to add a class. It is the student’s responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as ‘excused’ absences.
- I do not apply tardies to my drop policy. If you are absent, it is your responsibility to find out what you missed during class.

## Classroom Etiquette

- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the [General Catalog](#).
- Children in the classroom: Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.
- Do not sharpen your pencil when your classmates or I am speaking.
- Come to class early or on time. If you come in late, enter quietly. Do not take longer than a twenty minute break, and do not leave class early.
- Do not talk unnecessarily in class. You can ask a lot of questions, but don’t socialize during class.
- Do not leave the classroom unless it is necessary. It is very distracting when students leave the classroom repeatedly.

- Remember it is my responsibility to teach you, and it is your responsibility to learn. Try not to have behaviors that will distract you during class.

### Online Netiquette

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].

### Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.
