

**Basic Course Information**

Semester:	<b>Spring 2020</b>	Instructor Name:	<b>Dr. Omar Alshykhly</b>
Course Title & #:	<b>Chemistry 200 General Inorganic Chemistry I</b>	Email:	<b>Omar.alshykhly@imperial.edu</b>
CRN #:	<b>21534</b>	Webpage (optional):	
Classroom:	<b>2716</b>	Office #:	<b>410</b>
Class Dates:	<b>02/18/20 to 06/12/20</b>	Office Hours:	<b>MW 07:30 am – 08:00 am (Room 2715) TR 07:30 am – 08:00 am (Room 2716) M &amp; W 11:15 am – 12:15 pm (Room 410)</b>
Class Days:	<b>TR</b>	Office Phone #:	<b>6298</b>
Class Times:	Lec. 02:40 pm – 04:05 pm, Lab. 04:215pm – 07:25 pm	Emergency Contact:	<b>Department Secretary (760) 355-6155</b>
Units:	5.0		

**Course Description**

Basic principles and calculations of chemistry with emphasis on stoichiometry and dimension analysis applied to various problem types. Fundamental principles and theory of atomic and molecular structure as related to bonding and molecular geometry. Study of kinetic molecular theory, the first law of thermodynamics, periodic relationships of the elements, physical states of matter, solution chemistry, and oxidation-reduction. The laboratory is closely related to lecture topics and includes methods of classical experimentation as well as certain instrumental analysis. (C-ID CHEM 110) (CSU, UC)

**Student Learning Outcomes**

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

1. Solve chemical problems using modern atomic theory. (ILO2, ILO4)
2. Perform chemical experiments in a scientific manner using proper techniques, data analysis, and safety equipment. (ILO2, ILO3, ILO4)

**Course Objectives**

Upon satisfactory completion of the course, students will be able to:

1. Student will demonstrate ability to perform dimensional analysis calculations as they relate to problems involving percent composition and density.

2. Student will write chemical formulas, name inorganic compounds, and demonstrate a knowledge of basic atomic theory
3. Student will relate chemical equations and stoichiometry as they apply to the mole concept, molarity, and acid-base titrations. Student will derive formulas from percent composition.
4. Student will identify the basic types of chemical reactions including precipitation, neutralization, and oxidation-reduction.
5. Student will demonstrate knowledge of atomic structure and quantum mechanics and apply these concepts to the study of periodic properties of the elements.
6. Student will relate the general concepts of atomic structure to a study of ionic bonding.
7. Student will relate the general concepts of covalent bonding and molecular structure.
  
8. Student will demonstrate the first law of thermodynamics both in theoretical and practical contexts and apply the theory to the solution of Hess' Law.
9. Student will manipulate the various gas laws in both theory and practice to solve mathematical problems relating to the behavior of both ideal and non-ideal gases.
10. Student will describe the general properties of liquids and solids including intermolecular attractions and phase changes.
11. Student will relate the general properties of solutions and employ knowledge of concentration to explain colligative properties. Student will investigate the phenomenon of vapor pressure.
12. Student will demonstrate knowledge of computer-assisted methods of data acquisition, analysis and presentation.

### Textbooks & Other Resources or Links

1. There are two sites to get our textbook:
  - a. (Preferred) <https://chem.libretexts.org>
    - For the textbook: click on (in above link) < Bookshelves/General Chemistry/Book: Chemistry (OpenSTAX)>
    - Exercises: click on (in above link) <Homework Exercises/Exercises: General Chemistry/Exercises: OpenStax>
  - b. Chemistry. Paul Flowers, Klaus Theopold, Richard Langley. 3rd ed. Openstax (2016)  
Textbook: Chemistry. Paul Flowers, Klaus Theopold, Richard Langley. 3rd ed. Openstax (2016)  
<https://openstax.org/details/books/chemistry>
2. Lab Manuals: General Chemistry on the Laboratory; Postma et al, 7th ed. 2019
3. Supplemental Lab Manual: Chemistry 200 Laboratory Packet; purchase from the STEM/Chem club
4. Safety Glasses or Goggles: must be acid and heat resistant. These must comply with:
  - a. Meet ANSI\* Z87.1-2003 standards.
  - b. Polycarbonate lens
  - c. Wraparound protection offers a wide field of vision
5. Non programmable calculator: a highly recommended calculator is the Texas Instruments TI36X Solar Scientific Calculator (not the "Pro") or the TI-30Xa.
6. Registration with chem 101 website to do your homework online (25\$) – requires credit card.  
<https://app.101edu.co/>

## Course Requirements and Instructional Methods

**Homework** Online Homework using chem 101 software is due on Sunday night at 11:59 pm after we finish discussing the chapter in class. The goal is to give you enough practice to enable you to be successful on the examinations.

Homework problems are found online at

<https://app.101edu.co/>

You have 3 attempts per question to answer correctly. There will be no penalty for correctly answering on the first, second, or third attempt. There is no penalty for viewing the hint. In order to grade your answer and find out if you answered correctly, you should press "CHECK ANSWER." If you wish to switch to another question without checking the answer for the current question, you can press "NEXT" or use the map at the top right corner of the question. After the due date, the homework assignment cannot be worked on but can be viewed. More instructions how to use the chem 101 for online homework you will find at the chem 101 software.

Also, there's online tutoring with a live person in **Net Tutor** (embedded inside Blackboard or Canvas).

**Class-work:** Beside the homework problems, there will be some challenging problems giving by the instructor and you will work on them with a group of students during the class time (usually the last 10 -15 mins from the lecture or lab time

- **Lecture Exams:** Under normal circumstances (*Fall, Spring*), there will be 6 exams, the lowest exam is dropped, and so only 5 exams count. No **make-up** exams.
- **Safety** in the laboratory is of utmost importance - those who do not follow the outlined safety procedures will have points deducted from their lab score or asked to leave the lab during that lab. Closed toed shoes and goggle are required.
- **Laboratory:** All experiments are required to be prepared as **formal lab write-ups** as described in the lab notebook handout (which you will receive in class). The core of the write-up in your notebook will include the title, objective, and procedures, and must be done **prior** to the start of the lab. In order to begin an experiment, the instructor must initial the pre-lab. This is necessary to insure safety in the lab. In addition, each lab experiment will require a data, calculations, and discussion write-up that is completed in your lab notebook. There are no lab make-ups. Unless otherwise instructed, each student will work on experiments individually.
- **Lab Notebook:** You will not be allowed to start an experiment until the Prelab is completed and checked. Experiments are due as directed, late experiments are acceptable with a *loss of points (one point per lab point)* up to the lab before the lab exam. Your lab notebook can be used on the lab exams.
- **Completed** experimental lab write-ups are due the following lab meeting however if there are problems with calculations a second lab day is allowed for turning labs in for grading, unless it is lab exam day at which point the lab notebooks are due and a second grace day is not allowed. After that **1 pt will be lost per lab day late**. NOTE, the definition of a Lab Day is at the end of the Lab period since labs are ONLY graded during lab, and never between labs; in other words the next lab day starts at the end of that days lab or any lab graded after that lab is officially over is considered the next lab day. Lab notebooks are handed in after each lab exam to get a tally of points, however ungraded labs are considered late on lab exam day.
- **Lab Exams:** Lab exams will contain problems and/or explanation type questions based on the preceding laboratory experiments. Your Lab Notebook can be used during the Lab Exams. There are 3 Lab exams, each of which count toward your course grade. No Make-up Lab exams will be allowed.

- **Lab Cleanup** The entire class will lose points if the sinks, scales, hoods, floor are not clean, chemical caps not screwed back on, and chairs not put in place. The class can lose up to 10 points per lab.
- **Final Exam:** The Final Exam is comprehensive. There are **no make-ups** because the date and time of the Final is the last day of class.
- **You must** (1) remember your locker combination-after locker check-in, (2) bring goggle or eye safety glasses, (3) closed toed shoes to be in the lab; you are not furnished these and (4) calculators for exams. Forgetting to do so will cost you 5 points.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

### Course Grading Based on Course Objectives

- **Study Hints:** Chemistry is a very demanding course. Depending on your background, you will need to spend 1-4 hours outside of lab to get your work done. Missing a lecture usually means your grade falls by  $\frac{1}{2}$  grade.
- **Do not fall behind so:**
  - Go to office hours
  - Get a tutor
  - Form study groups
- **No Gifts, cards, or food. All will be refused. Spend your time and effort studying.**
- **Don't try to cram! It doesn't work.**
- **Keep up!!**

Homework	10%
Class-work	5%
Midterm exams	40%
Lab Report	15%
Lab exams	15%
Lecture final exam	15%
Total	100%

Your final grade will be assigned based on following manner:

90% – 100%	A
80% - 89%	B
70% - 79%	C
60% - 69%	D
Below 59%	F

### Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's

status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.

- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.
- Absences during Lab Classes, or leaving during Lab Classes automatically result in a grade of zero (0) for the Lab Experiment.

### Classroom Etiquette

- **Electronic Devices:** Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- **Food and Drink** are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
- **Disruptive Students:** Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the [General Catalog](#).
- **Children in the classroom:** Due to college rules and state laws, only students enrolled in the class may attend; children are not allowed.
- **Add/Drop:** it is the responsibility of the student to take the necessary steps to add and/or drop the class by the college deadlines.
- **Leaving during lecture or lab** is considered an unexcused absence. If you have to leave anytime during class, other than established break times, you must inform your instructor.

### Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other

misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

### Additional Student Services

Imperial Valley College offers various services in support of student success. The following are some of the services available for students. Please speak to your instructor about additional services which may be available.

- **CANVAS LMS.** Canvas is Imperial Valley College's main Learning Management System. To log onto Canvas, use this link: [Canvas Student Login](#). The [Canvas Student Guides Site](#) provides a variety of support available to students 24 hours per day. Additionally, a 24/7 Canvas Support Hotline is available for students to use: 877-893-9853.
- **Learning Services.** There are several learning labs on campus to assist students through the use of computers and tutors. Please consult your [Campus Map](#) for the [Math Lab](#); [Reading, Writing & Language Labs](#); and the [Study Skills Center](#).
- **Library Services.** There is more to our library than just books. You have access to tutors in the [Study Skills Center](#), study rooms for small groups, and online access to a wealth of resources.

### Disabled Student Programs and Services (DSPS)

Any student with a documented disability who may need educational accommodations should notify the instructor or the [Disabled Student Programs and Services \(DSP&S\)](#) office as soon as possible. The DSP&S office is located in Building 2100, telephone 760-355-6313. Please contact them if you feel you need to be evaluated for educational accommodations.

### Student Counseling and Health Services

Students have counseling and health services available, provided by the pre-paid Student Health Fee.

- **Student Health Center.** A Student Health Nurse is available on campus. In addition, Pioneers Memorial Healthcare District provide basic health services for students, such as first aid and care for minor illnesses. Contact the IVC [Student Health Center](#) at 760-355-6128 in Room 1536 for more information.
- **Mental Health Counseling Services.** Short-term individual, couples, family and group counseling services are available for currently enrolled students. Services are provided in a confidential, supportive, and culturally sensitive environment. Please contact the IVC Mental Health Counseling Services at 760-355-6310 or in the building 1536 for appointments or more information..

### Veteran's Center

The mission of the [IVC Military and Veteran Success Center](#) is to provide a holistic approach to serving military/veteran students on three key areas: 1) Academics, 2) Health and Wellness, and 3) Camaraderie; to serve as a central hub that connects military/veteran students, as well as their families, to campus and community resources. Their goal is to ensure a seamless transition from military to civilian life. The Center is located in Building 600 (Office 624), telephone 760-355-6141.

### **Extended Opportunity Program and Services (EOPS)**

The Extended Opportunity Program and Services (EOPS) offers services such as priority registration, personal/academic counseling, tutoring, book vouchers, and community referrals to qualifying low-income students. EOPS is composed of a group of professionals ready to assist you with the resolution of both academic and personal issues. Our staff is set up to understand the problems of our culturally diverse population and strives to meet student needs that are as diverse as our student population.

Also under the umbrella of EOPS our CARE (Cooperative Agency Resources for Education) Program for single parents is specifically designed to provide support services and assist with the resolution of issues that are particular to this population. Students that are single parents receiving TANF/Cash Aid assistance may qualify for our CARE program, for additional information on CARE please contact Lourdes Mercado, 760-355- 6448, [lourdes.mercado@imperial.edu](mailto:lourdes.mercado@imperial.edu).

EOPS provides additional support and services that may identify with one of the following experiences:

- Current and former foster youth students that were in the foster care system at any point in their lives
- Students experiencing homelessness
- Formerly incarcerated students

To apply for EOPS and for additional information on EOPS services, please contact Alexis Ayala, 760-355-5713, [alexis.ayala@imperial.edu](mailto:alexis.ayala@imperial.edu).

### **Student Equity Program**

- The Student Equity Program strives to improve Imperial Valley College's success outcomes, particularly for students who have been historically underrepresented and underserved. The college identifies strategies to monitor and address equity issues, making efforts to mitigate any disproportionate impact on student success and achievement. Our institutional data provides insight surrounding student populations who historically, are not fully represented. Student Equity addresses disparities and/or disproportionate impact in student success across disaggregated student equity groups including gender, ethnicity, disability status, financial need, Veterans, foster youth, homelessness, and formerly incarcerated students. The Student Equity Program provides direct supportive services to empower students experiencing insecurities related to food, housing, transportation, textbooks, and shower access. We recognize that students

who struggle meeting their basic needs are also at an academic and economic disadvantage, creating barriers to academic success and wellness. We strive to remove barriers that affect IVC students' access to education, degree and certificate completion, successful completion of developmental math and English courses, and the ability to transfer to a university. Contact: 760.355.5736 or 760.355.5733 Building 100.

- The Student Equity Program also houses IVC's Homeless Liaison, who provides direct services, campus, and community referrals to students experiencing homelessness as defined by the McKinney-Vento Act. Contact: 760.355.5736 Building 100.

### Student Rights and Responsibilities

Students have the right to experience a positive learning environment and to due process of law. For more information regarding student rights and responsibilities, please refer to the IVC [General Catalog](#).

### Information Literacy

Imperial Valley College is dedicated to helping students skillfully discover, evaluate, and use information from all sources. The IVC [Library Department](#) provides numerous [Information Literacy Tutorials](#) to assist students in this endeavor.

### Anticipated Class Schedule/Calendar

WK	DATE	Lec. (Tuesday and Thursday)	Lab (Tuesday)	Lab (Thursday)
1	2-17	Syllabus & Ch. 1 Essential Idea	Intro, Safety, Lockers check in	M-1: Measurements
2	2-24	Ch. 1 & Ch. 2 Atoms, Molecules, Ions	M-2: Mass and Volume	M-A: Nomenclature
3	3-2	Ch.2	IVC 5: Formula of Hydrate	<b>Lecture exam 1(ch. 1)</b>
4	3-9	Ch. 3 Composition and solution	M-7: Chemistry of Oxygen	<b>Lab exam 1</b>
5	3-16	Ch.3 & Ch. 4	M-18: Net ionic equations	M-14: Heat Capacities of metals
6	3-23	Ch. 4 Stoichiometry	M-34 day 1: Redox	<b>Lecture exam 2 (ch. 2 &amp;3)</b>

<b>7</b>	3-30	Ch. 5 Thermochemistry & Ch.6	M-34 day 2: Redox	IVC 4 day 1: Titration
<b>8</b>	4-6	Ch. 6 Electronic structure	IVC 4 day 2: Titration	IVC 4 day 3: Titration
<b>9</b>	4-13	<b>Spring break</b>	<b>Spring break</b>	<b>Spring break</b>
<b>10</b>	4-20	Ch. 7 Chemical bonding	Lab handout	<b>Lecture exam 3 (ch. 4 &amp; 5)</b>
<b>11</b>	4-27	CH. 7 & Ch. 8	<b>Lab exam 2</b>	M-B: Lewis structure
<b>12</b>	5-4	Ch. 9 Gases	M-11 Standard Molar Volume	<b>Lecture exam 4 (6 &amp; 7)</b>
<b>13</b>	5-11	Ch. 13 Equilibrium Concepts	M-23 Equilibrium	M-23 Equilibrium
<b>14</b>	5-18	Ch. 13 & 14	IVC9	<b>Lecture exam 5 (ch. 9 &amp;13)</b>
<b>15</b>	5-25	Ch. 14 Acid Base equilibrium	IVC 10	IVC 8 buffers
<b>16</b>	6-1	Ch. 15 Equilibria of other reactions	<b>Lab exam 3</b> and Lab check out	<b>Lecture exam 6 (ch. 14)</b>
<b>17</b>	6-8	<b>Final exam</b>	<b>Final exam</b>	<b>Final exam</b>

**\*\*\*Tentative, subject to change without prior notice\*\*\***

**SPRING 2020  
IMPORTANT DATES AND DEADLINES**

**NOTE: The deadlines below are for full-term classes. Deadlines for short-term classes vary with the length of the class.** Most deadlines are mandated in the CA Code of Regulations and are a percentage of the length of the class.

<b>Beginning October 1</b>	New and former students may file admission application for Winter/Spring 2020 and/or Summer/Fall 2020.
<b>November 12</b>	Priority registration begins
<b>February 14</b>	<b>Holiday</b> – Lincoln’s Birthday. No classes.
<b>February 17</b>	<b>Holiday</b> – Washington’s Birthday. No classes.
<b>February 17</b>	<b>Residency determination date.</b>
<b>February 18</b>	<b>Spring classes begin.</b>
<b>February 18 - 29</b>	<b>Late Registration. Beginning on first day each class meets, add authorization code from instructor required to register for that class, filled or open.</b>
<b>**February 29**</b>	<b>Deadline to register for full-term courses. Deadline to drop full-term classes and be eligible for a Refund. Deadline to select P/NP grading option for courses with that option (see section On Change Grading Options). Does not pertain to Non-credit Program courses.</b>
<b>March 1 *Sunday*</b>	<b>Deadline to drop without course appearing on transcript (without receiving a W). Note: Fees will be charged and no refunds given for courses dropped.</b>
<b>March 2</b>	<b>Census</b>
<b>March 2</b>	Ticketing for parking violations in student spaces on main campus begins. <u>Note:</u> tickets are issued for reserved (faculty/staff), disabled, metered, 15-minute, and no-parking spaces year around.
<b>March 13</b>	<b>Financial Aid Freeze Date</b> - Complete withdrawal before this date will require financial aid eligibility recalculation and funds may be owed.
<b>March 27</b>	<b>Deadline to make up incomplete grade (I) granted Fall 2019 or Winter 2020.</b>
<b>April 13 – 18</b>	<b>Spring Recess.</b> No classes.
<b>April 20 *Monday*</b>	<b>Deadline to submit <i>Petition for Graduation</i> for degree to be awarded for Spring and Summer 2020 and participate in Commencement.</b> Students must meet with a Counselor and have an evaluation completed before this date.
<b>April 30</b>	<b>Return to Title IV Drop Date</b> – Units enrolled as of this date will be used to determine enrollment status for financial aid payment
<b>**May 09** Saturday</b>	<b>Deadline to drop full-term classes. (Note: This deadline date is not for short-term classes.)</b>
<b>May 25</b>	<b>Holiday</b> – Memorial Day. No classes.
<b>June 8 -12</b>	Final Exams.
<b>June 13</b>	Commencement Ceremony
