

Basic Course Information

Semester	SPRING 2020	Instructor Name	Eric Lehtonen
Course Title & #	MATH 194 CALCULUS 1	Email	Eric.lehtonen@imperial.edu
CRN #	21581	Webpage (optional)	
Room	2721	Office	2763
Class Dates	2/18/2020-6/11/2020	Office Hours	MTWRF 12:15-2:15
Class Days	TR	Office Phone #	(760)355-6522
Class Times	6:30-8:35	Office contact if student will be out or emergency	(760)355-6155 (619)517-3742
Units	4		

Course Description

COURSE/CATALOG DESCRIPTION:

Concepts dealing with integration applications, methods of integration, infinite series, plane analytic geometry, parametric equations, and polar coordinates.

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

1. Write the equations of lines and planes in three dimensions (ILO2)
2. differentiate and integrate vector-valued functions (ILO2)
3. use rectangular coordinates to set up and evaluate double and triple integrals (ILO2)
4. find partial derivatives of functions of two or more independent variables. (ILO2)
5. apply the chain rule for functions of more than one variable. (ILO1, ILO2)

Course Objectives

Upon satisfactory completion of the course, students will be able to:

Demonstrate a broad understanding of the basic operations with vectors in various coordinate spaces and a variety of 3-dimensional figures.

2. Demonstrate their knowledge of vectors to differentiation and integration of vector-valued functions.
 3. Demonstrate the use of functions of several variables and apply techniques to relevant situations.
 4. Demonstrate an understanding of double and triple integrals and the ability to solve problems when dealing with applications of multiple integrations.
 5. Evaluate and demonstrate knowledge of diverse topics in vector analysis.
-
4. demonstrate and understanding of functions and relations, including one to one functions.
 5. demonstrate and understanding of logarithmic and exponential functions and their graphs.
 6. classify and graph ellipses, parabolas, and hyperbolas.
 7. demonstrate an understanding of sequences and series and their operations.

Textbooks & Other Resources or Links

Text: Blitzer: **STEWART, CALCULUS 8TH ED.**

Course Requirements and Instructional Methods

Calculator: The TI-30 or equivalent scientific Calculator. **Graphing Calculators are not permitted.**

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

Final Exam	30%	There will be a comprehensive final
Tests	60%	There will be 4 tests.
EXTRA ASSIGNMENTS	10%	AS I SEE FIT

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Classroom Etiquette

- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
- Children in the classroom: Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

Academic Honesty

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to 'cite a source' correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General School Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

Additional Help – Discretionary Section and Language

- Blackboard support center: <http://bbcrm.edusupportcenter.com/ics/support/default.asp?deptID=8543>
- Learning Labs: There are several 'labs' on campus to assist you through the use of computers, tutors, or a combination. Please consult your college map for the Math Lab, Reading & Writing Lab, and Study Skills Center (library). Please speak to the instructor about labs unique to your specific program.
- Library Services: There is more to our library than just books. You have access to tutors in the Study Skills Center, study rooms for small groups, and online access to a wealth of resources.

Disabled Student Programs and Services (DSPS)

Any student with a documented disability who may need educational accommodations should notify the instructor or the Disabled Student Programs and Services (DSP&S) office as soon as possible. The DSP&S office is located in Building 2100, telephone 760-355-6313, if you feel you need to be evaluated for educational accommodations.

Student Counseling and Health Services

Students have counseling and health services available, provided by the pre-paid Student Health Fee. We now also have a fulltime mental health counselor. For information see <http://www.imperial.edu/students/student-health-center/>. The IVC Student Health Center is located in the Health Science building in Room 2109, telephone 760-355-6310.

Student Rights and Responsibilities

Students have the right to experience a positive learning environment and due process. For further information regarding student rights and responsibilities, please refer to the IVC General Catalog available online at http://www.imperial.edu/index.php?option=com_docman&task=doc_download&gid=4516&Itemid=762

Information Literacy

Required Language: Imperial Valley College is dedicated to helping students skillfully discover, evaluate, and use information from all sources. Students can access tutorials at <http://www.imperial.edu/courses-and-programs/divisions/arts-and-letters/library-department/info-lit-tutorials/>

Anticipated Class Schedule / Calendar

CLASS AND TEST SCHEDULE

LECTURE AND TEST SCHEDULE

WEEK 1		WEEK 7		WEEK 13	
2/18	Intro, 6.1	3/31	Review	5/12	11.5
2/20	6.2	4/2	Test 1	5/14	11.6
WEEK 2		WEEK 8		WEEK 14	
2/25	6.3	4/7	8.1,8.2	5/19	11.7
2/27	6.5	4/9	8.4,8.5	5/22	11.8
WEEK 3		WEEK 9		WEEK 15	
3/3	Review	4/13	SPRING BREAK	5/26	11.9
3/5	Test 1	4/15	SPRING BREAK	5/28	11.10
WEEK 4		WEEK 10		WEEK 16	
3/10	7.1	4/21	10.1,10.2	6/2	REVIEW
3/12	7.2	4/23	10.3,10..4	6/4	TEST 4
WEEK 5		WEEK 11		WEEK 17	
3/17	7.3	4/28	Review	6/9	REVIEW
3/19	7.4	4/30	Test 3	6/11	FINAL EXAM
WEEK 6		WEEK 12			
3/24	7.5,7.6	5/5	11.1,11.2		
3/26	7.7,7.8	5/7	11.3,11.4
