### Course Requirements and Instructional Methods

The instructor will generally be teaching with a voice-off approach. At times, there will be spoken lectures. This will increase your receptive and expressive comprehension, as you will be expected to respond and converse in ASL. You will participate in a variety of online class exercises designed to increase both your receptive and expressive skills. New vocabulary will be introduced weekly and applied through a variety of exercises. Students will learn grammatical structures weekly as units in the book are completed. ASL assignments will require to be done in Canvas (online). Clear instructions will be given by the instructor to produce successful assignments. Students will sign with instructor through video submissions/uploads. One-on-one Zoom conversational assessment meetings will be announced throughout the semester. During lecture, students will be given specific exercises and instructions to focus on improving their signing skills. All presentations will be signed (do not voice or whisper when signing). You must practice offline. Canvas Online Assignments: The Department of Education policy states that one

(1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two

(2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.
