WASC has adopted a similar requirement.

CLASS PROCEDURE:

- 1– The teacher will give lectures and demonstrations.
- 2– The teacher will present to the class a project written description, each project will be posted on Canvas modules.
- 3– Projects should be completed and presented punctually to the class on the specified date. Sketches and references should be added to the project page on canvas. Students will lose 1 point if they do not attach sketches or references.
- 4– Each project will be presented in class and will be discussed by the author, the class and teacher in a discussion critique. Presentation counts as part of the grade. The author should talk about his/her, solutions, ideas, creation process, experiences etc. The student will also write his/her comment on canvas.
- 5– Grades will be posted on canvas.

MATERIALS: A list of materials needed will be provided on canvas by the teacher. Some materials will be provided by IVC.

PROJECTS: Three main aspects will be taken in consideration in order to grade projects; **Concept, drawing, and craft.** Projects equals **40%** of the final grade.

Each project will be posted on canvas as **assignments**. The student is responsible to read them and follow the instructions and requirements.

Late projects will automatically lose 1 point.

PARTICIPATION IN CLASS (DISCUSSIONS): Students are required to present their projects and also comment on classmates' projects too. Some other class topics will also be assigned by the teacher. Participating in discussions counts as participation.

CLASSWORK: During each module the teacher will assign class work so the student practices drawing concepts. Each module will have a practice assignment area.

DRAWING PORTFOLIO COMPLETED: Portfolios are reviewed at the end of the semester, so **KEEP EVERYTHING**. Students will post **good photos** of their best 12 drawings and or projects on canvas under Portfolio Assignment.

SKETCH JOURNAL HOMEWORK: From the first week of classes (including vacations, and holidays) until the last week of the semester the students will work a journal of drawings. An amount of **3 drawings must be created weekly** in a special notebook for the class. **51 drawings total. Each drawing should be numbered at the bottom right corner.**

Drawings in any loose paper will not be taken into account as part of the journal. Drawings from other classes will not count either. The instructor may ask the student to present his journal to see if all drawings belong to the sketchbook.

The drawings in the journal should be about real objects, things, animals or persons; fonts, designs and logos **will not be considered as drawings**. The instructor will specify what to do each week for the homework journal.

The sketch journal can be your regular sketchbook for class, but all the drawings should be together in just one side of the sketch book. At the end of the course the student will have a total of **51 drawings** in the sketch journal.

The student will take good photos of his drawings and will post them in canvas under Journal assignment (Three assignment parts)
