

## **Welcome to Language of Health!**

I am grateful you are taking this class; in the next weeks, we will learn the meaning of diagnosis, terms, and medical conditions. There will be interactive activities, videos, and fun activities to enhance your learning. I am committed to make this journey as engaging and productive as possible. There's a lot to learn but no need to make this boring.

## **Why Medical Terminology?**

This is an essential course for all healthcare providers such as doctors, nurses, pharmacists, medical assistants, billing specialists, medical coders, and many more. Most medical words are derived from **Greek** or **Latin**. This course will help you understand the meanings of the word parts and medical terms. By the end of this class, you will be able to know meanings to medical terms and abbreviations used in healthcare and if you do not know a word, I am sure you will figure it out.

## **Learning Styles**

This Online modality is a new teaching method that allows you to be successful on your own time. In addition to that I am teaching the course using the different learning styles strategies.

Students, I am available to meet with you. Please contact me to set up an appointment before or after class or via email.

### Information to Help You Succeed in This Course

#### ATTENDANCE

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the

student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.

- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- If a student leaves the class early, or after the break without notifying the instructor, this will constitute an absent equal to the number of hours absent that day
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences
