Textbooks & Other Resources or Links

CengageNOW (CNOW) with College Accounting, 22nd edition, by Heintz & Perry. Instructions for accessing CNOW are included in the Week 1 module in Canvas. You may pay online. Free access is allowed for a very limited time. Your purchase includes an e-book. For a little more money you may purchase a loose-leaf, hardcopy textbook.

Course Requirements and Instructional Methods

It is imperative that you keep up with assignments. Test problems are similar to homework problems. No late work is accepted. Exam are completed as scheduled without makeups.

It is important that we maintain regular, effective communication in this online environment. Most weeks you will find an assignment in Canvas to participate in a discussion with your classmates. I will jump in, as needed, to answer questions. If necessary, I may contact you directly using email, so remember to check your IVC email account regularly. If you have a personal question that you don't want to post in the discussion forum, the best way to contact me is through email. You can send me an email message using the Inbox in Canvas. Also, my phone number, office number, and office hours are listed at the top of this syllabus.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.
