Modules Open: Saturday Modules Close: Friday 5:00 pm

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Policies

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.

- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as ‘excused’ absences. What does it mean to “attend” an online class? Attendance is critical to student success and for IVC to use federal aid funds. Logging onto Canvas alone is NOT adequate to demonstrate academic attendance by the student.
- Any student who does not complete the orientation unit or take at least one practice quiz by the end of the first day of class will be dropped.
- Regular participation is required. Participation includes: Posting and responding in weekly discussions; o Completing weekly work on Canvas; o Submitting your work on time; • If there is a problem with completing your work (such as being in the hospital or being sick), please let me know. I am willing to help you, but you need to make sure you communicate with me. Participation: To ensure your success, plan to participate in all class activities! There are many ways that we can participate, collaborate, and share ideas in an online environment.

Here are a few: • Contribute and share ideas in group discussion boards. • Attend virtual office hours to ask questions when you do not understand something. • Reading information from the instructor as well as classmates. • Be prepared and complete homework before due dates. • Turning in assignments, quizzes, homework on-time

What happens if I don't participate? You may be dropped if you are no longer actively participating in the course, logging into Canvas, and engaging in course material. Active participation includes logging into Canvas and engaging with course content, completing and turning in homework, assignments, and quizzes. If you are unable to log into Canvas for a long period, it is your responsibility to find out everything you missed. If you have a personal problem or issue, please communicate with me and let me know what’s going on before too much time has passed.
