Course Description

This course emphasizes the continued instruction and practice required for the development of technical and aesthetic skills, elements of design and composition, camera technology, materials and equipment, and contemporary trends in photography. Composition and visual communication skills are stressed, as are the understanding and use of light and lighting control, both in the studio and on location. Additional materials fee applies. (CSU/UC)

Course Prerequisite(s) and/or Corequisite(s)

ART 170 - with a grade of "C" or better.

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

- 1. Present, discuss and critique photographs in a coherent manner.*
- 2. Develop portfolio of photographs suitable for presentation for employment in the field, to a client for freelance work or for transfer.*
- 3. Demonstrate understanding of exposure, visual communication skills, use of lighting in the studio and on location.*

Course Objectives

Upon satisfactory completion of the course, students will be able to:

- 1. Apply the elements and principles of design in finished photographs;*
- 2. Create a portfolio of work demonstrating formal, conceptual, and technical development;*
- 3. Produce photographs skillfully utilizing photographic tools, materials, and processes, including camera controls, image exposure, image processing, printing, and presentation;*
