

Basic Course Information

Semester:	SPRING 2023	Instructor Name:	Curtis Blondell
Course Title & #:	Geography 111	Email:	curtis.blondell@imperial.edu
CRN #:	20544	Webpage (optional):	
Classroom:	Online (Canvas)	Office #:	N/A
Class Dates:	February 13 – June 9	Office Hours:	I will respond to emails within 48 hours
Class Days:	Every day: Completely online	Office Phone #:	Elvia Camillo, staff secretary: (760) 355-6144. Email preferred (see above)
Class Times:	Always accessible	Emergency Contact:	Elvia M. Camillo, Staff Secretary Behavioral & Social Science Department, Imperial Valley College 380 E. Aten Rd. Imperial, CA 92251 (760) 355-6144
Units:	1	Class Format:	Canvas Online

Course Description

GEOG 111 is the laboratory course in Physical Geography. The course provides laboratory exercises in topics covered in GEOG 100, Physical Geography, which covers the Earth's atmosphere, hydrosphere, biosphere and lithosphere. The laboratory experience includes the observation and interpretation of weather data, statistical analysis of climate data, map analysis and interpretation, analysis of earth materials, along with landform processes, plate tectonics, and biogeography. (CSU, UC),

Course Prerequisite(s) and/or Corequisite(s)

GEOG 100 or Concurrent Enrollment in GEOG 100.

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

1. Explain how the Earth's geometry and motions in space affect environmental patterns and processes. (ILO3, ILO5)
2. List, identify, and map the Earth's major physiographic features and climate distributions. (ILO5)
3. Collect and analyze geographic data and produce geographic tables, graphs and maps. (ILO4)

Course Objectives

1. Understand the size, shape, and movements of the Earth in space and their importance to environmental patterns and processes.
2. Analyze the major atmospheric, geomorphological, and biotic processes that shape the Earth's surface environments.
3. Identify global distributions of the world's major climates, ecosystems, and physiographic (landform) features.

4. Develop critical thinking and research skills related to the scientific method, scientific measurement, data analysis and practical experience using the tools and concepts of physical geography.

5. Applications and activities related to basic concepts of physical geography in the analysis of real-world variations in environmental patterns.

Textbooks & Other Resources or Links

1. Hess, Darrel Physical Geography Laboratory Manual for McKnight's Physical Geography: A Landscape Appreciation (12th Edition). Pearson, 9780134561011.
(NOTE: Used copies of this lab manual may be missing pages, so purchase used books with caution. Copies of the lab manual may be available in the IVC Library.)
2. [Zoom](#) for OPTIONAL Zoom meets.

Course Requirements and Instructional Methods

In this course, you will need to do the following:

- Complete necessary reading and complete multiple lab exercises. Two weeks are allowed to complete each module.
- You will need to use critical thinking skills to apply knowledge from Geography 100 and Geography 111 Lab Manual to understand and complete the exercises.
- There will be one (1) multiple choice Quiz per module.
- There will be one (1) Midterm and one (1) Final Exam.

Typically, in a classroom we would do these labs together in groups. However, in this course you will be working online and on your own. Therefore, it is key that you do the following:

1. **Obtain the Lab Manual** (see Textbook above). It will be extremely difficult if not impossible to get a decent score without referencing the lab manual. The lab manual contains essential reading and explanations. Also, some questions on the exams reference labs.
 - a. If you think you can look up answers online, even through pay sites, you can still get the answer wrong.
2. **Start the labs as early as possible. Generally, I allow a two-week window between sections. Don't dawdle.**
 - a. Don't contact me a day before the labs are due and expect me to rescue you.
 - b. I will help you, even through Zoom if necessary, but if you are having trouble, you need to reach out to me.
3. I have created "Helper Videos" and have tried to provide written hints to assist you, as I know working on your own can be frustrating.

IMPERIAL VALLEY COLLEGE

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

YOU MUST GET THE LAB MANUAL FOR THIS COURSE. TRYING TO COMPLETE THIS COURSE WITHOUT THE MANUAL WILL BE EXTREMELY DIFFICULT.

8 Lab Modules (includes 1 Quiz per module) – 50 points each, 400 points total

Mid-Term Exam – 50 points

Final Exam – 50 Points

Final grades are based on 500 total points, figured by the following breakdown:

450 - 500 points – A

400 - 449 points – B

350 - 399 points – C

300 - 349 points – D

299 points or fewer – F

THIS COURSE REQUIRES A LOT OF CONSTANT WORK. EACH MODULE HAS MULTIPLE EXERCISES ALONG WITH A QUIZ. Let me say it again, this course is going to be a lot of work for 1 unit!

Extra Credit: No extra credit except what is assigned at the instructor's discretion.

Late Work Policy:

- Acceptance of late work is accepted at the discretion of the instructor.
- Late exercises or quizzes will receive at minimum a 20% late penalty.
- Makeup up exams (for absences that the instructor deems are a **valid** reason) must be arranged with the instructor, per IVC policies.

Course Policies

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.

- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Classroom Etiquette

- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the [General Catalog](#).
- Children in the classroom: Due to college rules and state laws, only students enrolled in the class may attend; children are not allowed.

Online Netiquette

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].

Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

Other Course Information

This course requires significant time dedication as students will be working individually. Helper videos have been created. However, students must be proactive in reaching out for assistance from the instructor. This can be done by emailing the instructor and arranging a Zoom consultation if necessary.

IVC Student Resources

IVC wants you to be successful in all aspects of your education. For help, resources, services, and an explanation of policies, visit <http://www.imperial.edu/studentresources> or click the heart icon in Canvas. Additional information can be found at [Student Support](#).

- **CANVAS LMS.** Canvas is Imperial Valley College's main Learning Management System. To log onto Canvas, use this link: [Canvas Student Login](#). The [Canvas Student Guides](#) Site provides a variety of support available to students 24 hours per day. Additionally, a 24/7 Canvas Support Hotline is available for students to use: 877-893-9853.
- **[Learning Services](#).** There are several [learning labs](#) on campus to assist students through the use of computers and tutors. Please consult your [Campus Map](#) for the Math Lab; Reading, Writing & Language Labs; and the Study Skills Center.
- **[Library Services](#).** There is more to our library than just books. You have access to tutors in the [Study Skills Center](#), study rooms for small groups, and online access to a wealth of resources. Aside from resources you may find at IVC, a good writing resource is the [Purdue Owl](#) website.
- **[Student Programs and Services \(DSPS\)](#)**
Any student with a documented disability who may need educational accommodations should notify the instructor or the [Disabled Student Programs and Services \(DSP&S\)](#) office as soon as possible. The DSP&S office is located in Building 2100, telephone 760-355-6313. Please contact them if you feel you need to be evaluated for educational accommodations.
- **[Student Health Center](#).** A Student Health Nurse is available on campus. In addition, Pioneers Memorial Healthcare District provide basic health services for students, such as first aid and care for minor illnesses. Contact the [IVC Student Health Center](#) at 760-355-6128 in Room 1536 for more information.

-
- [Mental Health Counseling Services](#). Short-term individual, couples, family and group counseling services are available for currently enrolled students. Services are provided in a confidential, supportive, and culturally sensitive environment. Please contact the IVC Mental Health Counseling Services at 760-355-6310 or in the building 1536 for appointments or more information.
 - The mission of the [IVC Military and Veteran Success Center](#) is to provide a holistic approach to serving military/veteran students on three key areas: 1) Academics, 2) Health and Wellness, and 3) Camaraderie; to serve as a central hub that connects military/veteran students, as well as their families, to campus and community resources. Their goal is to ensure a seamless transition from military to civilian life. The Center is located in Building 600 (Office 624), telephone 760-355-6141.
 - [The Extended Opportunity Program](#) and Services (EOPS) offers services such as priority registration, personal/academic counseling, tutoring, book vouchers, and community referrals to qualifying low-income students. EOPS is composed of a group of professionals ready to assist you with the resolution of both academic and personal issues. Our staff is set up to understand the problems of our culturally diverse population and strives to meet student needs that are as diverse as our student population. Also under the umbrella of EOPS our CARE (Cooperative Agency Resources for Education) Program for single parents is specifically designed to provide support services and assist with the resolution of issues that are particular to this population. Students that are single parents receiving TANF/Cash Aid assistance may qualify for our CARE program. For additional information on CARE please contact [CARE](#).

EOPS provides additional support and services that may identify with one of the following experiences:

- Current and former foster youth students that were in the foster care system at any point in their lives
- Students experiencing homelessness
- Formerly incarcerated students

To apply for EOPS or for information on EOPS services, please contact [EOPS](#).
