do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

## Course Policies

### Attendance Policy:

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.

### Respect Policy:

- Be respectful to your classmates, tutor, and instructor at all times.
- Public speaking (especially in one's second language) can be very challenging, so be extra kind and respectful when your peers are presenting.

### Communication Policy:

- Communicate with me via Canvas Inbox, which is my preferred method of contact. I will get back to you within 24 hours during the weekdays and within 48 hours during the weekend.
- Refrain from sending me messages via Pronto or emails from your personal email account as I won't be checking either of them.
- This class aims to help you develop your English skills; therefore, you are expected to communicate in English only at all times (spoken and written communication).
- Speak with me if you are facing a problem, remember that I'm here to help you! If you have any questions, reach out!

### Late Work Policy:

- Most Canvas late assignments will be accepted but with a penalty (10% will be deducted for every day your assignment is late). You will have up to a week (1 week) to submit your late work.
- Be aware that there are certain in-person, timed assessments that you might not be able to make up. Communicate with me in advance if you know that you will be absent, so that we can make arrangement for you to complete the assessment in advance.

### Academic Honesty Policy

- Plagiarism is taking and presenting as one’s own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to “cite a source” correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.
- Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.
- The use of AI and Google Translate to produce written work is not allowed in this class.

### Other Course Information

- If you are going to be absent, please let me know via email.
- If you miss an in-person test, get in touch as soon as possible so that you can make it up.
- Be prepared to complete up to 15 hours of work for this class. See section Course Requirements and Instructional Methods above to learn how I came up with this number.
- I strongly believe that good communication with the instructor is key to success in any class, so talk to me if you have question or need help.
