Course Description

A basic course in drawing from observation as an essential means of expression. The focus is on contour line drawing, mass and line gesture, and value structure in creating the illusion of form. Both dry and wet media are used. Additional materials fee applies. (C-ID: ARTS 110) (CSU/UC)

Course Prerequisite(s) and/or Corequisite(s)

This course is a level one, beginning drawing class. Therefore, there are no prerequisites.

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge and attitudes as demonstrated by being able to: 1. Write a description essay on a contemporary exhibition. 2. Identify and create types of line drawings: contour, gesture, blind contour, cross contour, hatched, cross-hatched. 3. Assemble a final portfolio with all work created during the semester

Course Objectives

Upon course completion student will be able to: 1. Demonstrate an understanding of the basic principles of linear perspective in showing space on a two-dimensional plane. 2. Demonstrate proficiency using the techniques of contour line drawing, gesture drawing, and value structure drawing. 3. Understand the principles of composition, proportion and texture. 4. Master numerous types of dry drawing media to realistically render subjects from direct observation. 5. Demonstrate knowledge about various drawing styles in art history and cultures. 6. Verbally articulate ideas and processes of drawing. 7. Develop expressive content through manipulation of line, form, value, and composition.

sketchbook journal, with notes and sketches. The grading of these will be done on a weekly basis. This daily sketching and planning of future projects, will be highly advantageous to your growth as an artist. By doing at least 5 sketches per week, you could easily have 200-300 gesture, contour, and other kinds of sketches accumulated by the end of the semester. Although this may seem daunting at first, once you get used to taking your sketchbook with you, you will find completing this number of sketches is easy. Learn to take advantage of time between classes, waiting at the dentist's office, etc. can all become times filled with drawing experiences. The actual time spent in class per week is 6 hours, 20 minutes (computed on a regular, 15 ½ week semester). The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time, and two (2) hours of out-of-class time, per week, over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

Letter Grade Only:

A= Outstanding achievement in drawing skills, knowledge of course content, and punctuality in completing assignments, ability to communicate visually and verbally, with excellence. (90-100%)

B= Praiseworthy achievement in drawing skills, that is definitely above average. Student had the initiative to strive for excellence, possesses knowledge and skills that are developing well. (80-89%)

C= Average performance in course objectives. (70- 79%)

D= Poor performance, student has lack of responsibility and initiative. (60-69%)

F= Failing, below 59%. Work that is turned in late, is automatically downgraded to one grade level.

Remember, the last day to drop the course is July 17, 2024. If you feel for some reason, you cannot finish the coursework, please drop yourself.

Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Course Policies

This class is a totally on campus course. Demonstrations are given at the beginning of the class. Please do your best to be on time to class, bring your drawing tools and paper to class. We will have lots of discussion and critique times. Please be polite to your classmates. We are all here to learn from each other. Sometimes that means constructive criticism, but we should keep our comments as positive as possible. I do not tolerate rudeness or profanity, to be spoken in our classroom. Let's be classy!
