Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Course Policies

Attendance: Regular attendance and active participation are crucial for success in this class. Students are expected to attend all classes and contribute to discussions and activities. If this class is taken online, attendance is not required.

Late Work: I do not accept late work because of the amount of time that I give per assignment. Under medical reasons and prior notification may be accepted.

Academic Integrity: I expect you to uphold the highest standards of academic integrity. Plagiarism, cheating, and any form of dishonesty will not be tolerated.

Communication: All class-related communication should be conducted through official channels (e.g., university email or learning management system).

Classroom Behavior: You are expected to behave respectfully towards classmates and the instructor. Disruptive behavior will not be tolerated.

Electronic Devices: Use of electronic devices should be limited to class-related activities. Phones and other devices should be silenced or turned off during class.
