

Basic Course Information

| | | | |
|-------------------|--|---------------------|--|
| Semester: | Spring 2025 | Instructor Name: | Liisa Mendoza |
| Course Title & #: | American Sign Language 1 – AMSL 100 | Email: | liisa.mendoza@imperial.edu |
| CRN #: | 20197 | Webpage (optional): | N/A |
| Classroom: | 4000 | Office #: | 312 |
| Class Dates: | 2/10-6/6/25 | Office Hours: | MW 9:00 – 10:00 via Zoom TR 9:00 – 10:00 in 312 |
| Class Days: | TR | Office Phone #: | (760) 355-6120 |
| Class Times: | 1:00 – 3:30 pm | Emergency Contact: | Email |
| Units: | 4 | Class Format: | Face to face, on ground |

Course Description

An introduction to American Sign Language and fingerspelling. The course will focus on conversational skills, grammar, and vocabulary as it used in Deaf community. Deaf culture will be examined.

Course Prerequisite(s) and/or Corequisite(s)

Recommended preparation: None

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

- 1) Differentiate between basic similar signs.
- 2) Recognize basic differences between simple ASL and English sentence structures.
- 3) Identify basic differences between Deaf and Hearing cultures.

Course Objectives

Upon satisfactory completion of the course, students will be able to:

1. Demonstrate how to sign numbers zero to one hundred using the cardinal and ordinal numbering systems correctly.
2. Express and receive fingerspelled words at basic skill level.
3. Recall and produce basic sign vocabulary, approximately 25 - 30 signs per week, being able to distinguish between signs that are produced similarly.
4. Recognize and produce specific grammatical structures, including personal and possessive pronouns, directional verbs and noun-verb pairs.
5. Express a basic knowledge of American Sign Language syntax.
6. Sign presentations, following the criteria and topics indicated by the instructor.
7. Participate in in class signing activities - including physical and emotional descriptions, discussing daily routines, and requesting in ASL.
8. Demonstrate a basic use of simple classifiers.
9. Sign using the correct facial grammar and syntax for forming questions in ASL.
10. Discuss basic Deaf culture issues including: differences between Deaf and Hearing cultures; how to navigate a signing environment; appropriate greetings and attention getting behaviors.

Textbooks & Other Resources or Links

Required text: : **I've Always Wanted to Learn ASL.** Mendoza, L. and I. Harvard. ISBN 979 -8-38511-504-4.

Here is the link to buy the text:

Recommended text: **The American Sign Language Handshape Dictionary.** Tennant, R. and M. Brown. ISBN 978-1-56368-444-9.

Course Requirements and Instructional Methods

Teaching Strategy:

The instructor will be teaching on ground in a face-to-face classroom. This class was listed in the catalog as real time, with time blocks given. **There are many advantages to attending the live class. It is the easiest way to earn lab points, you will have access to the embedded tutor during that time, and some exercises you CANNOT do individually.** Language is about communication and interaction, and you cannot do that signing to yourself in a mirror.

The instructor will generally be teaching with a voice off approach, after the first few weeks. This will increase your receptive and expressive comprehension, as you will be asked to respond in ASL. You will be participating in a variety of class exercises designed to increase both your receptive and expressive skills. Please arrive to class on time, ready to start signing.

The instructor knows that you will not understand 100% of her signing. The necessary information is delivered to you via in class notes accompanying the lecture and information loaded onto Canvas.

We will be introducing new vocabulary weekly, and then applying it through a variety of exercises. **You MUST practice outside of class.** We will also be learning new grammatical structures weekly as we go through the chapters of the book. You will be asked to prepare some ASL assignments outside of class; you will be given clear instructions to follow to produce successful assignments.

You may have to sign individually to your instructor, or in small groups, or in front of the class. We will have presentations this semester, as well as signing labs, small group work, and larger group work. You will not be able to do all of your practice within the classroom. This will require a time commitment, so please read the statement below from the Department of Education.

I will use Canvas to communicate with you about this class, including your grades. Every week I will publish the module that will discuss what is happening for this week in this class. Assignments will be explained again in Canvas, and they may be turned in either in Canvas or on paper to me. I will enter your grades via Canvas. If I have to miss class unexpectedly, I will post the announcement on Canvas. Please check in with Canvas regularly.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

Grading will be based on a standard distribution (see below). **You are allowed to submit one late homework for full credit.** If you are ill, you will make up any in class presentations the day you return to class. If written homework is due the day you are absent, you can submit it via Canvas to the instructor. No other late homework will be accepted.

Grading will be based on a standard distribution (i.e., 90-100% = A, 80-89.9% = B). There will be 1,000 points possible during the course.

| | |
|------------------------|---|
| Participation | 150 (includes participation, no voice, following class rules) |
| Homework | 180 (includes written and signed homework) |
| Deaf Awareness Project | 50 |
| Exams | 300 (1 @ 75, 1 @ 125, 1 @ 100) |
| Quizzes | 150 |
| Presentations | 50 (2 @ 25 points each) |
| Section finals | 70 (2 @ 35 points each) |
| Interactive final | 50 (signing one on one with the instructor) |

TOTAL 1,000

You will have the opportunity to attend a Deaf event for extra credit this semester. A Deaf event is an event where signing is either the primary mode of communication or where you are observing upper level signers or skilled interpreters. We will have at least 18 Deaf events for you this semester, and a few will be available by Zoom. We encourage you to participate in the ASL Club, which is a fun and safe way to start learning ASL. We will have some meetings on Zoom and some meetings on ground.

Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Accessibility Statement

Imperial Valley College is committed to providing an accessible learning experience for all students, regardless of course modality. Every effort has been made to ensure that this course complies with all state and federal accessibility regulations, including Section 508 of the Rehabilitation Act, the Americans with Disabilities Act (ADA), and Title 5 of the California Code of Regulations. However, if you encounter any content that is not accessible, please contact your instructor or the area dean for assistance. If you have specific accommodations through DSPS, contact them for additional assistance.

We are here to support you and ensure that you have equal access to all course materials.

Course Policies

My classroom rules remain the same, regardless of RTOL or on ground:

1 – Pay attention to the best of your ability – We all have good days and challenging days. Some days you will be better able to focus than other days. I ask that you pay attention to the best of your ability during class. No cell phones, unless I say to use them or you are using them to take a picture of the notes. (And then you still need to write the notes down, or you'll never remember the info.)

2 – If you have a question, ask the instructor, not your classmates. Of course you will have an opportunity to discuss things with your classmates and the tutor during lab, and you may clarify things with each other. But if you have a significant question, you should probably ask the person who is going to give you the grade, not your classmate. The only stupid question is the one you don't ask – and it will probably show up on the test!

3 – NO CHEATING!!!!!!! There is not a strong enough English word to tell you how I feel about cheating. It is far better to leave an answer blank or to tell me a joke or draw me a picture when you don't know the answer. Your honor is something that no one can take from you. I will monitor you during your quizzes and exams. Your integrity is the one thing that no one can take away from you. Don't give it away.

Students will be expected to follow IVC's online netiquette policy:

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].

Other Course Information

Your instructor believes that we can create a supportive learning community – and a signing community – in class. We will be interacting, and you will get to know your classmates and possibly make some new friends. ASL belongs to the Deaf community, and the Deaf community is a friendly group of people, who enjoy interacting.

You don't have to be a "people person" to take ASL. You do have to be willing to communicate with your classmates. There will be times that your grade will depend on your classmates and your interaction with them. Make sure that you are polite and supportive: EVERYONE is learning, and ANYONE can be having a bad day, and may not be signing as well as they can.

IVC Student Resources

IVC wants you to be successful in all aspects of your education. For help, resources, services, and an explanation of policies, visit <http://www.imperial.edu/studentresources> or click the heart icon in Canvas.

Financial Aid

Your Grades Matter! In order to continue to receive financial aid, you must meet the Satisfactory Academic Progress (SAP) requirement. Making SAP means that you are maintaining a 2.0 GPA, you have successfully completed 67% of your coursework, and you will graduate on time. If you do not maintain SAP, you may lose your financial aid. If you have questions, please contact financial aid at finaid@imperial.edu.

Anticipated Class Schedule/Calendar

MH = Mendoza and Harvard (your text)

Please do not submit work via Google Docs or Pages. Convert them and then send. Canvas will not open Pages, and Google Docs requires I go in with my personal email.

MH stands for Mendoza and Harvard, the authors of your required text. MH simply refers to your text, and the chapter. (MH 1 – is chapter 1 of your text)

| 6/3, 6/5 | Quiz #14 (MH 11) Practice for interactive finals Sign up for finals | Prepare for final |

*****Tentative, subject to change without prior notice*****

Very little extra credit will be given in class during the session. Extra credit opportunities will consist of either attending an event where you use your ASL, or you observe upper level signers using their ASL. These are called Deaf events, as there are usually Deaf people attending. There will be at least 18 Deaf events during this semester, some offered by Zoom and the others by in person attendance.
