Course Requirements and Instructional Methods

The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. Because this is a three-credit course, students should expect to invest a minimum of nine hours per week.

Students are assessed through a combination of discussion posts, short essays, quizzes, and exams. Active student participation is an important component of the final assessment. The following is a break-down of course requirements:

- **Discussion Posts (readings)** (40 points): Students will complete 8 discussion posts worth 5 points each based on the course readings for the corresponding week. To ensure maximum points, it is crucial to provide at least one quote from the readings (with page numbers). After publishing the discussion post, students are expected to read through posts and provide a constructive comment worth 1 point each to at least one colleague. Readings must be completed before our in-person class meetings. Discussion posts must be 150 words minimum and posted by Wednesday; comments must be 50 words minimum and posted by Friday at 11:59pm.
- **Contemporary Culture and Society posts** (40 points): Students will complete 8 posts worth 5 points each highlighting contemporary issues, challenges, celebrations, or social movements central to indigenous peoples of North America today. Each post must include the URL of online content such as news articles, academic papers, documentaries, policy documents, etc. on our course Padlet (accessible via Homepage) and include a 200-word analysis emphasizing its relevance and any important connections to the readings. After publishing the contemporary post, students are expected to read through posts and provide a constructive comment worth 1 point each to at least one colleague. These contemporary culture and society posts must be posted on Padlet by 11:59pm on Thursday; comments must be 50 words minimum and posted by Friday at 11:59pm.
- **Video Reports** (40 points): Students will analyze 8 videos on key concepts, issues, and ideas, and produce a report highlighting connections to our course textbook. It is important to watch these videos in their entirety and include quotes from the textbook and timestamps from the videos in each 200-word report. Each video is worth 5 points and is due by Saturday at 11:59pm.

IMPERIAL VALLEY COLLEGE

- **Quizzes (40 points):** Students will complete 4 quizzes that assesses engagement with the readings and videos. Quizzes will be comprised of multiple-choice questions and short essay responses in which it is crucial to provide quotes, concrete examples, and page numbers from the readings. Without quotes and page numbers, short essay responses will not earn available points. Quizzes are worth 10 points each and due on Sunday at 11:59pm.
- **Final Project (20 points)** – Students will complete a Final Project which synthesizes key ideas discussed throughout the semester. The Final Project will take the form of a slide presentation that is uploaded on the course Padlet by Wednesday June 4th at 11:59pm. Students will review peers' projects and comment on at least two projects by Friday June 6th at 11:59pm.
- **Final Exam (40 points):** A cumulative final exam will be available at the end of the last week. This is a timed exam on Canvas that closes on Friday June 6th at 11:59pm.
