Course Requirements and Instructional Methods

This course will consist of a combination of online lectures, discussion posts, assigned readings, videos, and online quizzes. ***The mutual sharing of ideas and respect for diversity of opinions will be encouraged and safeguarded.***

Students are advised to take notes from the online lectures and PowerPoint lectures as lecture materials are stressed on exams and assignments. Student discussion groups are also required.

Out-of-Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

Students will be required to submit multiple assignments throughout the semester. The final course grade will combine the total score of all graded course assignments. Graded assignments will include Discussion Posts, Video Critiques, and Quizzes. (See below). This course requires the use of a computer, tablet, or smartphone to complete all required assignments. Please be sure to assess that you have access to the necessary device.

WEEKLY ASSIGNMENTS:

Each week, you will need to complete the following work:

- Read the weekly Chapters from the textbook.
- Watch the Video Lectures.
- Review Chapter Lecture Slides.
- Review the Key Terms.
- Watch Chapter Videos.
- Take the Weekly Quizzes: Quizzes.
- Take Sim-Discussions.

GRADES:

This class uses a weighted grading system. The points for each assignment count toward a category. The weights are as follows:

Weighted Percentages:

Sim-Discussions = 70% Quizzes = 30%

Grade Scoring:

Sim-Discussions = 400 points (8 x 50pts)

Quizzes = 200 points (8 x 20pts)

Total Points = 600pts

Grade Summary Breakdown:

530 - 600 = A range, 470 - 529 = B range, 405 - 469 = C range, 345 - 404 = D range, Below 345 = F

Note: All Assignment grades are posted in Canvas.

Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Course Policies

Academic Honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the importance of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

Netiquette

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].
