**Course Description**

This course will examine the origin, development and operation of local, state and national political institutions within the United States, emphasizing the contemporary operations of the American political system. Students will gain an understanding of important American documents, the rights and powers provided therein, and the structure of the American system of government.

The goal of this course is to foster informed, responsible participation in public life. Knowing how to be a good citizen is essential to the life of a citizen in the United States political system.

*"I know of no safe depository of the ultimate powers of the preservation and improvement of the United States democracy. Upon completion of this course, students will understand the major ideas, protections, privileges, and structures that affect society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion."*

~Thomas Jefferson (1820).

**Student Learning Outcomes**

### QUIZZES

Weekly quizzes are worth **10 points**. Weekly quizzes covering your reading material are taken online through Blackboard. The quizzes consist of ten questions and are worth 10 points, any additional questions or points are EXTRA CREDIT. Be sure to submit your quiz before the posted deadline. **No late submissions are accepted.**

**No make up work is allowed.**

### HOMEWORK/ PARTICIPATION/ DISCUSSION

Homework will be assigned weekly, it must be turned in either electronically (blackboard) or manually (depending on assignment) no later than the start of class each week. In class discussions will take place in the beginning of class, weekly throughout the semester. These homework assignments/discussions will be worth up to **10 points** combined. Discussions will center on an issues affecting our community and/or local, state or national news. These issues or topics will primarily ask for your opinion and there will probably not be a "right or wrong" answer.

Discussion also means interacting with your fellow students, so it is important that you pay attention. You are encouraged to respond to comments made by other students. Do not be afraid to engage in an argument. Political opinions can be very controversial, since we each have our own values, traditions and beliefs. Just remember that you need to be respectful to all students. We each have the right to our own opinions, even if others don't agree.

### EXAMS

There are three exams throughout the semester, each worth **75 points**. The exams will cover material discussed in class and presented in the readings. No make-up exams are allowed unless *prior* approval has been obtained from the instructor.

### EXTRA CREDIT

During the semester, various options for extra credit will be made available to students. The maximum number of extra points any one student may earn during the semester is **40 points**

### Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Students are expected to attend all class sessions and to arrive to class on time, with all electronic devices turned off and put away. Since participation in classroom work and discussion is an important part of this course, students will have **10 points deducted** from their class points for each unexcused absence. Students having three unexcused absences may be dropped from the class. Students who are tardy three times will be considered as having been absent once. Absences attributed to the representation of the college at officially approved conferences and contests and attendance upon field trips will not be counted as absences.

**LEAVING CLASS:** Students are expected to remain in the classroom throughout the entire class session. Students leaving the class early, or just briefly, without prior instructor approval, will have **points deducted** from their class points.

- **CELL PHONES and ELECTRONIC DEVICES:** Cell phones and electronic devices must be turned off and put away during class. Cell phones ringing during class and all electronic devices not put away will be held by the instructor until the end of class.

### Classroom Etiquette

#### Required Information --Discretionary language

**This is where an instructor explains his/her policy on these matters. Here is some suggested language:**

- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor. **Consider:** specifics for your class/program
- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
- Children in the classroom: Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

### NETIQUETTE

Netiquette is a combination of the words "network" and "etiquette." Basically, it describes things you should and shouldn't do while communicating with other people online. This is especially important in a classroom environment. Here are some examples:

- Don't capitalize all letters while posting a thought or emailing someone. THIS IS CONSIDERED SHOUTING, AND IT IMPLIES THAT YOU ARE ANGRY. Capitalize words only to highlight an important point or to distinguish a title or heading.
- Never use profanity or make hurtful comments toward someone or when referring to someone's work. This is considered flaming.
- Be careful when using humor or sarcasm; you never know how someone else will interpret it.
- Be respectful of diverse opinions.

You can learn more about Netiquette by viewing the Core Rules of Netiquette available at <http://www.albion.com/netiquette/corerules.html>, as excerpted from the book *Netiquette* by Virginia Shea. Also, you can test your knowledge by taking the Netiquette Quiz at <http://www.albion.com/netiquette/netiquiz.html>. (Both links courtesy of Albion.com).

Overall, please be courteous to the instructor and to your fellow classmates. If you see postings that are inappropriate, please bring them to the instructor's attention. If a problem occurs, you should be aware of the IVC Student Conduct and Complaint policy, accessible on pages 22-24 of the [IVC General Catalog](#).

### Academic Honesty

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to 'cite a source' correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General School Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

### ACCESSIBILITY

Every effort has been made to ensure that this course is accessible to all students, including students with disabilities. If you encounter a problem accessing any portion of this course, please contact the instructor immediately.

### OFFICE HOURS

The instructor's office hours are as follows:

- Available by appointment
