**Course Requirements and Instructional Methods**

**How to contact me:**

**The easy way to reach me is by email.**

**If you email me, please put "Spanish 200 online" in the subject line of the email. Don't forget to put your name inside the email, especially since many of your email addresses do not identify who you are. If you would like to talk with me over the phone, please make sure to speak slowly, loudly, and clearly when you leave a message, and make sure you give me your name and phone number so I can call you back.**

**Online Requirements:**

- **Using the class web pages will be the equivalent of attending class. You will be expected to view the pages on a regular basis (at least several times per week). You will be responsible to post in the discussion area at least twice a week. It is a good idea to post once at the beginning of the week and again after the middle of the week to allow interaction between all students from the class.**

- **You must have google+hangout account for the oral questions that you will record four times for the all semester. Also, you will need this account for your oral presentation.**

### **Course Format:**

#### **Modules**

#### **Begin Here!**

Go to **Repaso semanal** (weekly review) after watching the video and seeing what you need to do go to **lecciones**. In **Lecciones** you will have the modules for each chapter that we will cover for the semester. You must complete all the activities assigned in each the modules every week. Then, go to MySpanishlab and complete the tasks related to the modules.

#### **Repaso:**

We will cover chapter Preliminary to chapter 5. Every chapter is divided by weeks. It's important that you complete the Module called Repaso since the material covered in these Modules are reviews of Spanish 100 and Spanish 110, these are components that are essential for a better understanding of material presented in this course Spanish 200.

#### **Written assignments:**

You will be assigned several written (Escrituras) tasks throughout the course, at the end of every chapter. The instructor will assign the topics for these written tasks in Blackboard. It's important to pay attention to the grammar (including accent marks). These tasks will be assigned every week. Be careful these written activities will be grade based in their content such as style, use of the vocabulary and grammar. For these assignments, don't open them, if you are not ready to complete them since Escrituras are timed.

#### **Oral Presentatio:**

You will prepare an oral presentation. Presentations will be graded on content, preparation, creativity, vocabulary, fluency, pronunciation, and ability to communicate in the target language. You will be given more details about this during the semester. You must present your oral between May 9 to May 13 during my office hours, if this days and times don't fit your schedule, you must let me know one week in advance.

#### **Quizzes & Tests:**

There are quizzes in MySpanishlab every week and at the end of each chapter there is an exam. Please know that I realize that in life there are many situations that occur, such as; submitting incomplete assignments, the browser accidentally shutting down while you are taking a quiz, being sick or having an illness or a death in the family. Taking in consideration these situations, I will drop the lowest score but be

careful since I won't reset any quizzes. There are also exams, the midterm and final exam in Blackboard (MidtermExamPrácticaMidterm).

**Midterm/Final Exam:**

A study guide for the midterm and final exams will be provided the week before the exams, but also you can go over on the "Module 2: Gramática repaso general at the end of every chapter.

**Discussions:**

There is a discussion every week. Click where it says discussion, you won't see anything until you click on create thread which will take you to discussions, follow the model and after you write your discussion click submit. Don't forget that you will also have to comment on one of your classmate's comments. These discussions will be worth 10-15 points each.

If any student uses inappropriate language or is disrespectful to another student, that student will lose points and need to have a personal conversation with the instructor. Remember, this is a college class and the discussion should be academic in nature, so don't get off topic or you will also lose points. In addition, if you choose to upload a picture into your profile, make sure it is an appropriate photo and that it is sized properly or I will have to ask you to remove it. For example, too much skin exposure, even on a baby is inappropriate. Thank you for your cooperation in this matter.

**Late assignments:**

Late assignments won't be accepted.

**Grading Criteria:**

For grading refer to the final grading scale. For the due dates for all the activities in MySpanishlab and Blackboard, please refer to the calendar of assignments due in the syllabus.

#### Online Classroom "Netiquette"

- Netiquette, as you probably know, is a combination of the words "network" and "etiquette." Basically, it describes things you should and shouldn't do while communicating with other people online. This is especially important in an online classroom environment. Here are some examples:
- Identify yourself. Include a subject line. Be careful when using humor or sarcasm every person interpret things differently. Be respectful of diverse opinions. Acknowledge and return messages promptly. Use appropriate language. Use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!)].
- Please, follow the examples of Netiquette and be friendly and courteous with your classmates. If you posting that are inappropriate, please send me an email and I will deal with the problem.

#### Academic Honesty

- **Plagiarism** is to take and present as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to correctly cite a source, you should ask for help.
- **Cheating** is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials, or assisting others in using materials, which are prohibited or inappropriate in the context of the academic assignment in question. Anyone caught cheating or will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [IVC General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to the following: (a) plagiarism, (b) copying or attempting to copy from others during an examination or on an assignment, (c) communicating test information with another person during an examination, (d) allowing others to do an assignment or portion of an assignment, and (e) use of a commercial term paper service.
