

Basic Course Information

Semester	Spring 2016	Office	802B
Course Title & #	Programming in Visual Basic CIS 202	Office Phone #	760-355-6428
Units	3	Office Hours	As Posted
Instructor	Walid Ghanim	Email	Walid.Ghanim@Imperial.Edu

Course Description

This is a beginning course in programming in Visual Basic to prepare programmers and students of closely related occupations for employment in business and industry. Syntax of the Visual Basic language will be emphasized. The course covers program design and logic, program development, and provides hands-on experience in realistic application programming. (CSU, UC)

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

1. Communicate ideas and solutions to problems in writing. (ILO1, ILO2,ILO3)
2. Compose and create programming algorithms with correct computer programming instructions, syntax, style and format. (IL01, IL02, IL03)
3. Demonstrate personal responsibility by attending and completing in full the complete midterm and final examination

Course Objectives

Upon satisfactory completion of the course, students will be able to:

1. Write well-designed structured Visual Basic programs in their entirety.
2. Be familiar with programming tools such as pseudo code and hierarchy charts. .
3. Develop applications using relational operators and decision making statements.
4. Demonstrate looping structure algorithms.

Clearly Visual Basic Programming with Microsoft Visual Basic 2010 **Second Edition.**

Author: Diane Zak ISBN: 9781111530150

Course Requirements and Instructional Methods

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

Chapter Tests.....	30%
Projects	20%
Midterm.....	25%
Final	25%

Course Grading Scale

90-100% = A
80-89% = B
70-79% = C
60-69% = D
0 – 59% = F

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student’s status will be the same as that of any other student who desires to add a class. It is the student’s responsibility to drop or officially withdraw from the class. See General Catalog for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as ‘excused’ absences.

Classroom Etiquette

- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class unless otherwise directed by the instructor.
- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
- Children in the classroom: Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

Academic Honesty

- Plagiarism is to take and present as one’s own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to correctly ‘cite a source’, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials, or assisting others in using materials, which are prohibited or inappropriate in the context of the academic assignment in question. Anyone caught cheating will receive a zero (0) on the exam or assignment and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General School Catalog for more

information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to the following:

- plagiarism
- copying or attempting to copy from others during an examination or on an assignment;
- communicating test information with another person during an examination;
- allowing others to do an assignment or portion of an assignment
- use of a commercial term paper service

Additional Help

- Blackboard support center: <http://bbcrm.edusupportcenter.com/ics/support/default.asp?deptID=8543>
- Learning Labs: There are several ‘labs’ on campus to assist you through the use of computers, tutors, or a combination. Please consult your college map for the Math Lab, Reading & Writing Lab, and Learning Services (library). Please speak to the instructor about labs unique to your specific program
- Library Services: There is more to our library than just books. You have access to tutors in the learning center, study rooms for small groups, and online access to a wealth of resources.

Disabled Student Programs and Services (DSPS)

Any student with a documented disability who may need educational accommodations should notify the instructor or the Disabled Student Programs and Services (DSP&S) office as soon as possible. The DSP&S office is located in Building 2100, telephone 760-355-6312 if you feel you need to be evaluated for educational accommodations.

Student Counseling and Health Services

Students have counseling and health services available, provided by the pre-paid Student Health Fee. We now also have a fulltime mental health counselor. For information see <http://www.imperial.edu/students/student-health-center/>. The IVC Student Health Center is located in the Health Science building in Room 2109, telephone 760-355-6310.

Student Rights and Responsibilities

Students have the right to experience a positive learning environment and due process. For further information regarding student rights and responsibilities please refer to the IVC General Catalog available online at http://www.imperial.edu/index.php?option=com_docman&task=doc_download&gid=4516&Itemid=762

Information Literacy

Imperial Valley College is dedicated to help students skillfully discover, evaluate, and use information from all sources. Students can access tutorials at <http://www.imperial.edu/courses-and-programs/divisions/arts-and-letters/library-department/info-lit-tutorials/>

Anticipated Class Schedule / Calendar

Week 1 Course Introduction

Week 2 Chapter 1 Control Structures

Week 3 Chapter 2 Problem-Solving Process

Week 4 Chapter 3 Introduction to Visual Basic (Exam Chapters 1 & 2)

Week 5 Chapter 4 Designing Interfaces

Week 6 Chapter 5 Assignment Statements (Exam Chapters 3 & 4)

Week 7 Chapter 6 Variables and Constants

Week 8 Chapter 7 Syntax and Logic Errors

Week 9 Midterm Exam (Chapters 1-7)

Week 10 Chapter 8 Selection Structure

Week 11 Chapter 9 Nested Selection Structures

Week 12 Chapter 10 Multiple-Alternative Selection Structures (Exam Chapters 8 & 9)

Week 13 Chapter 11 Selecting Test Data

Week 14 Chapter 12 Pretest Loops

Week 15 Chapter 13 Posttest Loops

Week 16 Final Exam

The above schedule and procedures are subject to change in the event of extenuating circumstances.
