Course Requirements and Instructional Methods

This course will consist of a combination of lectures, class discussions, assigned readings, individual and group projects, and performance on quizzes and exams.

Thought papers. There will be three (3) thought papers due at various times during the semester. These are essays 1-2 pages, which will be based on readings and class material. **Late papers will not be accepted.** Thought papers should address the following: 1) A provocative or interesting idea regarding psychology from the text, class discussion, your life, an article from the internet or magazine, and/or television program from your point of view. Don't provide a review of the reading/program, but your own thoughts regarding the topic. The main focus of thought papers is for you to learn to think critically about psychology. One of the assigned thought papers will be about music lyrics, movies, and or poems. More information will be given about these thought papers at a later date. Each thought paper is worth 25 points.

Quizzes: Five (5) quizzes will be given during the semester. No late quizzes will be accepted. Each quiz will be worth 10 points.

Assignments: There will be approximately two (2) group assignments given, each worth 25 points. More information about these assignments will be given at a later date.

Exams: Four (4) exams will be given. Exams will consist of multiple choice, fill in the blank, short answer, and essay questions from the textbook and lectures. No make-up exams will be given unless you have contacted me **Prior** to the exam and let me know you will not be able to take the exam. If you contact me prior to the exam, you will have one week to make-up the exam. Each exam will be worth 100 points.
