(Nontransferable, nondegree applicable)

**Student Learning Outcomes**

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

1. Distinguish between main ideas and major/minor details in a reading.
2. Select appropriate vocabulary based on the readings’ context clues to aid in overall comprehension.
3. Identify the correct definition of a vocabulary word using an English-only dictionary.

**Course Objectives**

1. Demonstrate competency in using reading skills such as skimming, scanning, vocabulary in context, making inferences, previewing and making predictions to aid in overall comprehension.
2. Demonstrate competency identifying topics of readings, main ideas (both implicit and explicit), and major/minor details.

5. Demonstrate mastery in interpreting charts and graphs.
6. Demonstrate ability to choose a book of an appropriate level, read independently, and provide supporting documentation of such, such as a reading log and report.

### Textbooks & Other Resources or Links

### Course Requirements and Instructional Methods

Homework: Please write your name, date, class code, and page number to identify your homework. Homework is due at the beginning of the class. You will complete some activities from the textbook, and I will check them in class. **I will not give you credit for your homework after we have covered it in class.** Chatting, repeated exits from the classroom, sleeping, and doing other homework, etc. do not show good participation and are disruptive to the class. ☹ ☹ ☹

Online Workbook: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

If you buy your text new from the IVC Bookstore, the code is included in your purchase. If you buy a used textbook, you must purchase a content access code in addition to your textbook.

Use the course key and your content access code to register for this course. **DO NOT SIGN UP WITH SELF-STUDY.** Your grades will not be posted. **SIGN UP WITH INSTRUCTOR-LED.** If you complete exercises in self-study, you will have to repeat them in instructor-led in order to receive credit.

Independent Reading: You will be asked to read a book during the semester. The topic will be your choice. We will have informal class discussions 3 times this semester. You will complete general surveys, informal reading journals, and end of semester update on book completion or reading progress.

Summaries: You will complete summary worksheets of six (6) readings from the textbook.

Quizzes: You will have announced and unannounced quizzes each week based on reading and vocabulary of each chapter.

Unit Tests: Each test will cover 3 chapters. You will be tested on reading and vocabulary.

Final Exam: Final exams will be given on the first class meeting during finals week, and the final will be conducted in the same classroom where the class meets during the semester. If an instructor feels that more than one hour is needed to complete the final, he/she can opt to have students meet for a second time during finals week. The final will cover reading and vocabulary of topics outside of the textbook, including dictionary skills.

**There will be no late or make up exams, homework, quizzes, etc. unless you have spoken to me before the due date or testing date.**

**Course Grading Based on Course Objectives**

90 + = A	80 - 89 = B	70 - 79 = C	60 - 69 = D	59 - = F

**Attendance**

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student’s status will be the same as that of any other student who desires to add a class. It is the student’s responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as ‘excused’ absences.

**NOTE: The last day to drop with a “W” is May, 12. It is YOUR RESPONSIBILITY to drop using WebSTAR.**

**Classroom Etiquette**

- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the [General Catalog](#).
- Children in the classroom: Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

**Academic Honesty**

***Bad, Bad, Bad!! Do I really have to say it!!***

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another’s work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- **Plagiarism** is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- **Cheating** is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.
