ENGL 201: Advanced Composition (Online)

Essay 1: Cause-Effect

Assignment: *One might expect students to plagiarize in the developmental writing courses as they are learning about research, writing, and plagiarism. What instructors are frustrated with is the amount of cheating in the higher level classes like this Advanced Composition class. Develop a cause-effect essay in which you explore, through research, some of the issues in academic cheating. In your essay, what do you see as the major cause of academic cheating in an upper division college course? (1000 words minimum, no more than 1300 words, and at least two credible sources at least one of which is a scholarly peer reviewed journal)*

Essay 2: Definition

Assignment: *A definition essay gives time and attention to a key term or concept. Within every field of study, there are terms and concepts which are debated for clarification. Within the student's degree program, there are terms and concepts that require definition. After conducting some preliminary research into the student's field of study, the student will develop and submit a definition essay which defines and clarifies the selected term or concept. (1200 words minimum, 1500 words maximum, and at least credible three sources at least one of which is a scholarly peer reviewed journal)*

Administration of Justice – Cruel and Unusual Punishment? Harassment and Bullying?
Art – Creativity? Conceptual Art?
Education – Threshold Concepts? Response to Intervention (RTI)?
Engineering – Fatigue? Fracture & Damage Mechanics?
Nursing – Mid-range Theory? Nursing Theory?
Political Science – Postmodernism? Neo-institutionalism?
Psychology – Good Judgment? Self-Harm Training? Emotional Intelligence?
Sociology – the Acolyte Effect? Pluralism and Diversity?

Essay 3: Problem-Solution

Assignment: *The earth now holds over 7 billion human beings in addition to the countless other creatures that live on this planet. With the addition of climate changes, concerns are now being raised about resource allocation such as clean water and clean air. In an article written several years ago, A.C. Grayling suggested that we must begin discussing global population control. He suggests two options: mandatory limits to childbirth (family size) and mandatory euthanasia (longevity). While citing appropriate research, present your argument for one option or the other. (1500 words minimum, 1800 words maximum, and at least four credible sources at least one of which is a scholarly peer reviewed journal)*

Essay 4: Partner Debate

Assignment: *With your assigned partner, select a topic which will be debated using deliberative argumentation. Together, research and develop a dialogue paper which presents a formal debate on your selected proposition. (2300 words minimum, 2600 words maximum, and at least six credible sources (3 affirmative & 3 opposition) at least one of which is a scholarly peer reviewed journal)*

Grammar, Spelling, and Punctuation (GSP) Examination

Before the student will provide peer editing to other students in this course, the student must demonstrate a basic understanding of sentence structures, subject-verb agreement and verb tenses, spelling of common words, and MLA punctuation rules. This examination can be attempted more than once, but the student must score above 85% before a first draft can be submitted for peer editing.

Peer Editing

The student will provide peer review and editing for another student for each of the first three essays (Cause-Effect, Definition, and Problem-Solution). The peer edited materials will be returned to the student author with a copy sent to the instructor.

***post mortem* Essays**

The Latin term *post mortem* means *after death*. When each of the first three papers are graded and returned to the student, the student-author will review and evaluate the strengths and weaknesses of the paper. The student will then prepare and submit a short essay describing the strengths and weaknesses and describing – in detail – adjustments to be made in preparing the next assigned paper. The *post mortem* essays should be typed in correct MLA format and sent to the instructor as an email attachment.

Summary Writing

For each assigned chapter of the required textbook, the student will prepare and submit a brief summary of the chapter's main idea and main supporting details. Each summary should be written in a professional manner and should demonstrate a clear understanding of the assigned reading. Each summary should be sent to the instructor in the body of an email message (please do not attach a separate document).

Anticipated Class Schedule

The online course is set up by unit. Students are expected to complete one unit each week of the summer term. Students should plan to log in to the course 4-6 times each week. Some assignments will be due during the week – on different days – so the student should review the entire unit at the beginning of each week and plan accordingly. The student should anticipate 25-30 hours of work each week (online & offline).

Attendance

- A student who does not complete **the first mandatory activity** of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class.
- The second important date is 26 June (Monday). A student who does not complete Unit 1 activities will be dropped by the instructor as of the **Census** date. *The Opening Day Roster and the Census roster are the only times during the term that the instructor will drop students. All other withdrawals must be initiated by the student.*

ENGL 201: Advanced Composition (Online)

- The final deadline to file for a “Withdrawal” from this class is **Saturday, 13 May 2017**. It is the student’s responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes is expected of all students. Certain assignments, such as postings to the Discussion Threads, is due midweek to allow other students to view and comment on the postings before the week’s end. As a result, the students are strongly encouraged to log in 2-4 times each week.

Academic Honesty

- Plagiarism is to take and present as one’s own the writings or ideas of others, without citing the source *correctly*. Any three words or more taken in sequence from a published source must be cited. Students are expected to understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. There is no difference between accidental and intentional plagiarism.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials which are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General School Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; and (e) use of a commercial term paper service.

Classroom Etiquette

- Online Decorum: In the online environment, the student's presence is primarily through text on the screen. Therefore, appropriate professionalism is expected of all students. Disagreement is expected, since we will be learning about argumentation, but the student is warned to be careful of how the online text might be interpreted by the instructor and fellow students.
- Disruptive Students: Students who disrupt or interfere with a class will be blocked and referred to the Campus Disciplinary Officer. The student will need to meet with the Campus Disciplinary Officer before returning to coursework. Disciplinary procedures are outlined in the [General Catalog](#).
