Basic Course Information

Semester	Fall 2019	Instructor's Name	Steven Holt
Course Title & #	EMTP 200	Instructor's Email	steve.holt@imperial.edu
CRN#	11509	Webpage (optional)	
Room	3204	Office (PT Faculty:809)	3207
Class Dates	8//19/19 - 12/12/19		Monday 0730-0830 Tuesday 1500-1630 Wednesday 1400-1430 Thursday 1545-1645
Class Days	Monday and Thursday	Office Phone # (PT may use dept. number)	
Class Times	O830-1530 Lunch 1200-1300	Who students should contact if emergency or other absence:	

Course Description

EMT 105

I. COURSE/CATALOG DESCRIPTION: EMTP200 Introduction to Paramedic Care

The certificate program prepares the student for licensure as a Paramedic .Including, but not limited to, caring for the sick and injured at the scene of an emergency and/or during transport to a healthcare facility. Acceptance into the program requires successful completion of the application process, high school diploma, GED, approval by the EMS Program Director, EMS Medical Director. All candidates must provide an EMT License with at least one (1) year experience, current American Heart Association BLS/CPR certification, and for the applicant to be at least 18 years of age prior to any clinical experience.

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

- 1. Perform in the role of Basic Life Support Instructor according to the guidelines of the American Heart Association. (IL01, IL05)
- 2. Demonstrate the assessment and management of spectrum of airway management situations and the understanding the consequences of unmanagedairway problems (IL01,IL02,IL03,IL04,IL05)
- 3. Demonstrate the ability to perform a comprehensive verbal and physical exam, and communicate the findings, using a radio and interpersonal Communication.(IL01, IL02,IL03,IL05)
- 4. Demonstrate the ability to identify and utilize equipment in a patient physical exam. (IL02, IL03)

Course Objectives

- 1. Demonstrate knowledge of the roles and r responsibilities of a Paramedic within an EMS system, apply the basic concepts of development, pathophysiology and pharmacology to assessment and management of emergency patients, be able to properly administer medications,
- 2. Demonstrate the Ability to Perform as a competent American Heart Association BLS Instructor
- 3. Demonstrate knowledge of how to properly establish and/or maintain apatentair way, oxygenate, and ventilate a patient.
- 4. Demonstrate knowledge of how to take a proper history and perform a comprehensive physical examonany patient, and communicate the findings to other.
- 5. Demonstrate knowledge of how to integrate pathophysiological principles and assessment findings to formulate a field impression
- 6. Demonstrate competence in Paramedic Pharmacology including; Basic Drug information, uses in the field setting, and proficiency in Psychomotor Skills
- 7. Demonstrate competence in EMS Communications including; Radio Reports, Written Reports, and interpersonal Communication

Course Requirements and Instructional Methods

This course is taught at a professional level for students seeking a career in Emergency Medical Services. Students are expected to behave professionally during <u>all</u> aspects of this class. In addition, you are a representing the college in your assigned clinical settings. Admission to Imperial Valley College is governed by the laws of the state and such supplementary regulations as prescribed by the Board of Trustees. It is assumed that the entry of a student into Imperial Valley College constitutes the student's acceptance of the Standards of Student Conduct and the regulations published by the college in the General Catalog.

All students must complete a Physical, Background Check, Drug Test, TB, FLU Shot, Hepatitis B, and other standard immunization records. Students do have the right to decline certain immunizations (Hep B, Flu). Students choosing to decline any required immunization must sign a "Declination Form." Declining an immunization may also limit certain in hospital experiences and procedures

Course Grading Based on Course Object

Paramedic Grading Scale:

93-100-A

86-92=B

80-85=C

Below 80%=F

AND

Pass Final with 80% or higher

Other Requirements:

Written Final =300 points

Scranton Homework = 30-50 points each

Drug quizzes = 20-45 points each (Approximately 3)

Uniforms/Participation/ Skills/FISDAP tracker = 50 points

Chapter Exams = 100 points each (3)

LC Ready APP Assignments = 25 Points each (Approximately 4)

Note: A passing score on all Drug quizzes, Division exams, and Final exams is a minimum of 80%. Any drug quiz or Division exam that is not passing must be retaken on the next scheduled class meeting or by arrangement with the instructor. A minimum of 85% is required to pass any quiz or exam that has to be retaken. The original score will enter the student grade record (Not the retake score). Paramedic interns must maintain a daily quiz score of 80%, and will be subject to academic probation if the average drops below 80%. All retake exams will be completed prior to the final exam for this course. The daily quiz average must be 80%, or higher, or the student will not be allowed to take the final exam. The student will receive an F grade in the course and be dropped from the paramedic program.

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped.

- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.
- You are allowed a total of 13 Hours of Absence for the entire semester
- Mandatory Days: There will be several mandatory days listed in the Class Schedule. These days are required to progress in the course and they cannot be repeated. <u>Students missing a mandatory day may be dropped from the course or receive a failing grade.</u>

Classroom Etiquette

- <u>Electronic Devices:</u> Cell phones and electronic devices must be turned off and put away during class unless otherwise directed by the instructor. Each offense will result in 10 points being deducted from your Participation/Skills grade; repeat offenders will be asked to leave.
- <u>Food and Drink</u> are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed.
- <u>Disruptive Students:</u> Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
- <u>Children in the classroom:</u> Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

Academic Honesty

- <u>Plagiarism</u> is to take and present as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to correctly 'cite a source', you must ask for help.
- <u>Cheating</u> is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials, or assisting others in using materials, which are prohibited or inappropriate in the context of the academic assignment in question.
 - Anyone caught cheating or will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General School Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) use of a commercial term paper service

Additional Help – Discretionary Section and Language

Canvas

• <u>Learning Labs</u>: There are several 'labs' on campus to assist you through the use of computers, tutors, or a combination. Please consult your college map for the Math Lab, Reading & Writing Lab, and Learning Services (library). Please speak to the instructor about labs unique to your specific program

• <u>Library Services:</u> There is more to our library than just books. You have access to tutors in the learning center, study rooms for small groups, and online access to a wealth of resources.

Disabled Student Programs and Services (DSPS)

Required Language: Any student with a documented disability who may need educational accommodations should notify the instructor or the Disabled Student Programs and Services (DSP&S) office as soon as possible. If you feel you need to be evaluated for educational accommodations, the DSP&S office is located in Building 2100, telephone 760-355-6313.

Student Counseling and Health Services

Required Language: Students have counseling and health services available, provided by the pre-paid Student Health Fee. We now also have a fulltime mental health counselor. For information see http://www.imperial.edu/students/student-health-center/. The IVC Student Health Center is located in the Health Science building in Room 2109, telephone 760-355-6310.

Student Rights and Responsibilities

Students have the right to experience a positive learning environment and due process. For further information regarding student rights and responsibilities please refer to the IVC General Catalog available online at http://www.imperial.edu/index.php?option=com_docman&task=doc_download&gid=4516&Itemid=762

Information Literacy Imperial Valley College is dedicated to help students skillfully discover, evaluate, and use information from all sources. Students can access tutorials at

http://www.imperial.edu/courses-andprograms/divisions/arts-and-letters/library-department/info-lit-tutorials/

Anticipated Class Schedule / Calendar

Full-Time Faculty Bio-sketches:

Steve Holt, EMTP, EMT-I Instructor – Steve Holt is the EMT Instructor for Imperial Valley College. He was a full time Paramedic for Gold Cross Ambulance for 20 years. He continued to work there part time for another 6 years. Steve also teaches for IVC's Paramedic program.

Adjunct Faculty

information on another adjunct faculty is available at your request.
