NOTE: You must buy **Burlington English** as it is a required part of the course. If you do not do you work in Burlington, you will not pass the class.

Course Requirements and Instructional Methods

This is a Real Time-Online course. This means we WILL meet via Zoom twice a week. It is VERY important for you to make sure you do your work each week! Because of the flexibility to complete your work outside of class, deadlines WILL NOT be extended.

Burlington English. Burlington English is the program we will be using in our class. It takes the place of a textbook. Burlington English is not optional. Purchase and use of Burlington English is required.

Manage your time. Do not try to complete your assignments in one day. It will be too much for you to do and too much for your brain to handle. "Online" does not mean "easy". If you do not do your work, or you do not submit your work when it is due, you will not pass the class.

Communicate in English in class. This course is designed to help you improve your speaking and listening skills in English. If you do not practice using English or do not use English to communicate in class with your teacher and your classmate, your progress will be slower.

You may be expected to speak in English in the following contexts:

(1) with a partner;

- (2) in a small group;
- (3) in a formal presentation in front of the class;
- (4) with your teacher;

(5) in recorded, online assignments;

(6) with strangers in out-of-class assignments.

You will also listen to audio clips and watch videos and will be expected to discuss and write about the content in English. We will do a variety of activities in class. Sometimes there will be lecture and you will need to take notes (and ask questions!). Sometimes you will do individual writings and exercises, and sometimes you will do pair/group writings and exercises. You will also take tests throughout the term.

Success: Acquiring another language requires focused effort. Sitting in class is simply not sufficient for you to succeed. You must study, speak, read, and listen to English as much as you possibly can outside of class. College guidelines suggest that you study two hours for every hour of class. Since this is a five-hour class, this would mean that you are expected to study or participate in some other learning activity for an additional ten hours every week.'

Instructional Methodology: Demonstration Discussion Group Activity Individual Assistance Lecture Distance Learning Audio Visual Computer Assisted Instruction

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Netiquette and Respectful Use:

IVC's Respectful Use and Netiquette Policy: IVC's official policy about netiquette is as follows:

What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online. Students are to comply with the following rules of netiquette:

- 1. identify yourself,
- 2. include a subject line,
- 3. avoid sarcasm,
- 4. respect others' opinions and privacy,
- 5. acknowledge and return messages promptly,
- 6. copy with caution,
- 7. do not spam or junk mail,
- 8. be concise,
- 9. use appropriate language,

- 10. use appropriate emoticons (emotional icons) to help convey meaning, and
- 11. use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)

Our Respectful Use and Netiquette Policy: For this course, I expect all students to be treated with respect. If someone disagrees with an opinion, it is not an opportunity for name calling or belittling. It is a time to respectfully listen, contemplate, and learn. We do not have to agree in the discussion boards, but we do have to be respectful and kind. Any instances of disrespect in a discussion or group collaboration should be brought to the instructor's attention and may result in the disrespectful student losing points or being reported to the campus disciplinary officer.

Late Work Policy:

Any student struggling with a deadline should contact the instructor as soon as possible. With prior notice, some deadlines may be adjusted at the instructor's discretion. Without prior notice or contact, assignments may be submitted in the week following the original due date for reduced points. Quizzes and discussion assignments will not be accepted late and must be completed on or before the original due date.

Academic Honesty Policy

What's Academic Honesty?

I expect that all students conduct themselves with integrity. All students in my class are held to the highest academic honesty standards. Please help keep this a positive learning environment for all students by doing your own work. The following are some examples of plagiarism and/or cheating:

- buying, forging, or copying papers
- plagiarizing or copying chunks of text and then claiming them as your own
- getting someone else to write papers or to take quizzes or tests for you
- doing someone else's work for them
- copying others' homework and handing in others' work as your own
- submitting an assignment/journal that was completed for a different course
- memorizing an essay and using it for a timed essay exam
- Sharing information with another person during a test or exam.

*Summary: You may not copy or use material written by another person unless there is proper citation. Cheating or plagiarizing in any form will result in a "zero" for the assignment and/or referral to the Dean of Language Arts. For a complete description of academic honesty policies, see the Imperial Valley College Catalog (www.imperial.edu)
