Course Policies

- **Electronic Devices:** Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- **Food and Drink:** prohibited in all classrooms. Water bottles with lids/caps are the only exception.
- **Disruptive Students:** Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
- **Children in the classroom:** Due to college rules and state laws, only students enrolled in the class may attend; children are not allowed.
- **Attendance Policy:** Attendance is important. Please try your best to attend each class meeting prepared and on time.
- **Participation Policy:** People learn better when they are connected as a community. I encourage and expect all students to work together and participate in class using as much English as possible.
- **Respectful Use and Speech Policy:** All students should be respectful to each other and the instructor. Remember that we are all here to learn, and learning requires practice. Nobody is perfect, and nobody in the class should feel scared or embarrassed about making mistakes. They are a part of learning! I expect all students to be treated with respect. If someone disagrees with an opinion, it is not an opportunity for name-calling or belittling. It is a time to respectfully listen, contemplate, and learn. We do not have to agree in the discussion boards, but we do have to be respectful and kind. Any instances of disrespect in a discussion or group collaboration should be brought to the instructor's attention and may result in the disrespectful student losing points or being reported to the campus disciplinary officer.
- **Plagiarism and Academic Honesty Policy:** Because I want to ensure that you are practicing and learning in this class, I take plagiarism pretty seriously. Plagiarism happens when you copy words or

ideas from somewhere else and submit it or repeat it as your own work. We get better at what we practice, and when we copy, we only get better at copying, not the important English skills we should be practicing. Plagiarism is academic dishonesty and is a very serious problem. Plagiarism includes:

- copying and pasting information from webpages (this includes using the internet for support and using ideas, sentences, summaries, etc. without credit);
- copying answers from an answer key or Teacher’s book;
- copying the work from another student in your class, in another class, or from a previous term;
- copying information from a webpage or book in Spanish and submitting the English translation as your work.
