## Course Requirements and Instructional Methods

This is an entirely web-based course with no on-campus visits required. You may complete all course

---

work from your home if you have an internet connection and are able to master the features of Canvas, which is Imperial Valley College's online course management system.

This is NOT an online self-study course with a due date of the last day of scheduled class.

**This course includes weekly deadlines scheduled throughout the semester.**

We will adhere to a weekly schedule that includes many activities, including discussions, assignments, quizzes, and exams.

## **Attendance**

A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.

Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.

Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

## **Online Netiquette**

**Grammar:** Use proper grammar and college-level writing in all class interactions.

**Linked Content:** All content linked within the course should be 'safe for work' and appropriate.

**Debate vs. Flaming:** Debates are encouraged within the discussion forums. People are entitled to their opinions and a difference of opinions is welcomed. Debate the point using facts and researched credible content. Do not use offensive language and/or personal attacks toward other students.

**Respect:** Respect one another.

## **Classroom Etiquette**

**Electronic Devices:** Cell phones and electronic devices must be turned off and put away during class unless otherwise directed by the instructor.

**Food and Drink** are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed.

**Disruptive Students:** Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.

**Children in the classroom:** Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

## Academic Honesty

Plagiarism is to take and present as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to correctly 'cite a source', you must ask for help.

Cheating is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials or assisting others in using materials, which are prohibited or inappropriate in the context of the academic assignment in question. Anyone caught cheating will receive a zero (0) on the exam or assignment and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General School Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to the following:

- plagiarism
- copying or attempting to copy from others during an examination or on an assignment;
- communicating test information with another person during an examination;
- allowing others to do an assignment or a portion of an assignment
- use of a commercial term paper service

Weeks will always begin on a Monday and end on the following Sunday. Assignments are typically due at 11:59pm. We will be following the Pacific Standard Time zone for this course

### Course Workflow

Every week you will have at least 4 assignments:

**Reading Assignment:** You will have to read a chapter/s from our assigned book every week.

**Discussion Assignment:** Discussion assignments are how we will be interacting with one another in an online environment. There will be weekly question/s posed for you to answer. Your initial response to the question/s will count as your initial posting. Initial postings will always be due on the Thursday of the week.

Your response to a classmate's initial response will count as a reply posting. Every week you will be responsible for an Initial AND Reply posting.

**Test:** You will be tested on the weekly readings and content covered throughout the course. These tests will consist of multiple choice questions.

**Activity Assignment:** You will have an assignment to do each week. This will be an assignment in the form of an activity, essay, project, research paper, etc.
