Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

1. Perform selected songs on flutophone with correct pitches and rhythm. (ILO2, ILO4)
2. Demonstrate knowledge of notation via being able to name notes on the Treble and Bass Clef Staves, as well as notes on ledger lines; (ILO2, ILO3, and ILO4)
3. Demonstrate knowledge of at least 10 of 15 major scales and their key signatures, by being able to write them, and/or identify them. (ILO1, ILO3, ILO4)

Course Objectives

Upon satisfactory completion of the course, students will be able to demonstrate a knowledge of:

- the staff, and treble and bass clefs
- duration of sound and silence (notes and rests)
- scales (major; and natural, harmonic, and melodic minor)
- solfege (using numbers 1-7, or do-re-mi etc.)
- measures, meter, and time signatures
- dynamics
- tempo

- expression
- intervals (diminished, minor, major, perfect, and augmented) from the prime to the octave
- chords, (diminished, minor, major, augmented, and dominant seventh) including all inversions
- smooth voice leading of triadic accompaniment
- transposition of melody and accompaniment.

Textbooks & Other Resources or Links

TEXTBOOK

Aside from a computer device and stable internet connection, **there is NO required textbook or materials**; All course materials will be provided to students online via Canvas. All lectures and graded items will be based on *Practical Theory, Complete* by Sandy Feldstein. If you want to, you may get a hard copy of the textbook, though it is not required.

MATERIALS

It is most strongly recommended that you **use a laptop or a similar computer device for this class** instead of a cell phone. Sometimes graded items submitted on a cell phone do not get recorded properly on Canvas. In such a case, the instructor will NOT be held responsible and record “0” for the item. To avoid this, please make sure you have a laptop or a computer. Please click [here](#) if you need support with this.

INSTRUMENT

For the performance portion of the class, we will be using an **online, virtual piano keyboard**. The sheet music will be provided to you online on our course Canvas. This is another reason to use a computer device rather than a cell phone. You will be required to record yourself playing the virtual piano.

If you have an instrument at home *that you already know how to play*, you can use it instead of the virtual piano keyboard.

Course Requirements and Instructional Methods

Students are expected to keep up with the weekly class lectures and deadlines. All graded items must be submitted on time by the deadline to receive full credit.

Grading Policy:

- All graded items must be submitted on time.
- All graded items will become available on Mondays and are due on Fridays.
- All graded items will be graded within a week after the deadline.

Late Work Policy:

- Late work will NOT be accepted unless you provide a valid, documented reason PRIOR TO the deadline. Otherwise, no late graded items will be accepted.
- If you have reasons to request deadline extensions, please communicate them to me PRIOR TO the deadline (the further in advance, the better).

For a successful completion of the course, students must have the discipline, time-management skills, maturity-level, and perseverance. Also, students **MUST** have access to computer devices capable of downloading and uploading materials necessary for course completion; students should be at least moderately computer savvy.

It is the student's responsibility to observe deadlines for completing all graded items. Any late work without a *pre-arrangement with the instructor will lose points*. Exams will only be permitted for make-up in extenuating circumstances with valid documentation. Please be sure to communicate with the Course Instructor via email should problems arise.

Students may request individual zoom meetings with the instructor during the office hours (or by arrangement) if assistance is needed with the instructional materials. This is only voluntary and is not a required part of the class.

Academic Honesty (Artificial Intelligence - AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Course Grading Based on Course Objectives

First Week Assignments (5 points each; total 2)	10 pts
Exams (15 points each; total 4)	60 pts
Performance Tests (15 points each; total 2)	30 pts

	Total 100 pts

(Extra credit opportunities *may* be provided)

Course Policies

Attendance

- A student who fails to complete the first week assignments will be dropped by the instructor. Should readmission be desired, the student's status will be the same as that of any other student who desires to add the class. You may be waitlisted. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular weekly participation is expected of all students. A student who is continuously absent (i.e., failure to complete two consecutive graded items) without notifying the instructor may be dropped.

- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as ‘excused’ absences, and late completion of grade items will be granted.

Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another’s work and recognize the importance of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one’s own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to *cite* a source correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

How do I show academic honesty and integrity in an online “classroom”?

- **KEEP YOUR PASSWORDS CONFIDENTIAL.**
 - You have a unique password to access online software like Canvas. Never allow someone else to log-in to your account.
- **COMPLETE YOUR OWN COURSEWORK.**
 - When you register for an online class and log-in to Canvas, you do so with the understanding that you will produce your own work, take your own exams, and will do so without the assistance of others (unless directed by the instructor).

Examples of Academic Dishonesty (not a comprehensive list):

- Copying from others on a quiz, test, examination, or assignment
- Allowing someone else to copy your answers on a quiz, test, exam, or assignment
- Having someone else take an exam or quiz for you
- Conferring with others during a test or quiz (if the instructor did not explicitly say it was a group project, then he/she expects you to do the work without conferring with others)
- Buying or using a term paper or research paper from an internet source or other company or taking any work of another, even with permission, and presenting the work as your own

- Excessive revising or editing by others that substantially alters your final work
- Sharing information that allows other students an advantage on an exam (such as telling a peer what to expect on a make-up exam or prepping a student for a test in another section of the same class)
- Taking and using the words, work, or ideas of others and presenting any of these as your own work is plagiarism. This applies to all work generated by another, whether it be oral, written, or artistic work. Plagiarism may either be deliberate or unintentional.

Netiquette

- Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].

How am I expected to act in an online environment?

The same principles from the in-person environment apply in the online environment.

1) Be RESPECTFUL

- Your written, verbal, and non-verbal communications should be respectful and focused on the learning topics of the class.
- Treat others as you want to be treated.

2) Be PUNCTUAL

- Please submit ALL graded items on time
