### Course Requirements and Instructional Methods

*This course is designed to fit the needs and desires of students who are interested in continuing their development in choral/vocal music.. Instruction in breath control, tone placement, articulation, enunciation, tone blending and listening skills are continually reviewed during the semester to further advance students abilities. Opportunities for small group performances and solos become available to advanced students.*

Students who are interested in this class/ensemble would benefit from previous musical experience in any vocal or instrumental program, however, it is not required for enrollment.

Students who fully participate in the class will have a better understanding of the musical skills required to understand and perform various types of vocal music. Performing with the choir also will enhance their poise and confidence in the new skills that they have developed in the class.

The classroom activities consist of ;

- Vocal warm ups which assist students in extending their singing range with proper placement.
- Ear/listening training to learn how to match pitch and blend with choir.
- Learning new songs of various styles and origins.
- Realizing how a large group of singers can work together to "sound as one".
- Learn to appreciate and distinguish the difference of being mediocre or excellent in pursuit of your musical goal.

### Course Grading Based on Course Objectives

Pass/No Pass Only.

Students are expected to attend all classes as well as any extra rehearsals and performances as part of their grade. Students will be evaluated based on the following criteria;

### Course Policies

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who

desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.

- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.
