Course Requirements and Instructional Methods

This course is asynchronous, or traditional online course. All course activity occurs online; there are no required real-time or on campus meetings. All content will be delivered in Canvas. I use different teaching methods, such as pre-recorded lectures, plenty of discussions boards, videos, and many participation activities that can be completed at any time before the due date. My lectures will be available for you to review at your own pace; however, you are responsible to submit assignments and follow the due dates.

Introduction Discussion-First Day Attendance Assignment. Getting to know you is the best part of my job. I would like to learn a little bit about you. Therefore, your first “assignment” of the semester is to introduce yourself to the class. Students will have until the end of Wednesday January 3 **submit their introduction discussion in order to stay in class**, please plan accordingly. It should take anywhere from 5 to 10 minutes. **No late submissions will be accepted.**

Quizzes. Quizzes will ensure that you are on top of your readings and lectures. Quizzes are multiple choices, True/False, and short responses. All quizzes will open on Thursdays in the afternoon and will close on Sundays at midnight. Make sure that you know how to access Canvas prior to the first quiz. Ask for help! It is your responsibility to have Canvas set up by the first week of the semester and to stay on top of the due dates. **No make-up quizzes or retakes!**

Chapter Participation Activities. Participation is a very important part of this course. There will be weekly participation activities in the form of discussions, creative writing, small projects, etc. related to the chapters.

You must support your discussion postings and responses with evidence from course materials by citing from the textbook, reading or outside materials. You must use original thoughts--No plagiarism!

Final Research Module and Paper. During the semester, we will be learning about the many social problems affecting the world and our nation. For this project you will have a chance to conduct research in order to learn more about a social problem affecting our community (e.g., homelessness, unemployment, air pollution, high rate of asthma, crime, etc.). You will receive an assignment guide and support throughout the semester so that you are successful.

Extra Credit. You will have opportunities to earn extra credit throughout the course. I will announce extra credit opportunities during the PowerPoint presentation and my lecture videos. If you do not watch or read the PowerPoint presentations, you will miss the announcement. **I will not tell you what the extra credit is via email. No late extra credit will be accepted.**

Out of Class Assignments. The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Late Work Policy

Late work interrupts the flow of learning in this course and could cause serious problems. Discussions are designed to be interactive--the feedback you give to and get from your peers is just as valuable as any feedback you will receive from me. For this reason, late work will not be accepted!

Free Pass

I do understand that life may get in the way of your academic goals, therefore, I provide one "Free Pass" that may be used to submit a discussion, paper, or exam late. However, there are some conditions that need to be considered before requesting the Free Pass. Please read below:

- Students will email me to request the Free Pass. I will let you know how to go about submitting your late work.
- The Free Pass will be used for assignments, discussion, and/or exams that are no more than two weeks old. (Follow due dates)
- Students will have up to two weeks to submit the late assignment.
- The Free Pass CAN NOT be use for the Final Project.
- The Free Pass can only be use for once in the semester, NO EXCEPTIONS!

Course Policies

Attendance Policy

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Netiquette Policy

What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.

- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].
- Classroom discussion should remain civil. We are here to learn from each other. It is difficult to learn from someone who is yelling at you, rolling her/his eyes, grumbling under his/her breath, ignoring you, interrupting you, or engaging in other dismissive behaviors. I do not expect that any of us will be tempted to behave so rudely but it doesn't hurt to spell out that these things are out-of- bounds in the classroom.
