

Basic Course Information

Semester:	Spring 2024	Instructor Name:	Liisa Mendoza
Course Title & #:	American Sign Language 2 – AMSL 102	Email:	liisa.mendoza@imperial.edu
CRN #:	20487	Webpage (optional):	N/A
Classroom:	804	Office #:	312
Class Dates:	2/12/24 – 6/8/24	Office Hours:	Via Zoom: MW 9 – 10 am On ground: TR 7:25-7:55 am 9:30 – 10:00 am (312)
Class Days:	TR	Office Phone #:	(760) 355-6120
Class Times:	10:15 am – 12:45 pm	Emergency Contact:	Email
Units:	4	Class Format:	Face to face, on ground

Course Description

Receptive and expressive skills will be further developed through vocabulary enrichment, grammar practice, and interactive conversational exercises. Deaf culture norms and traditions will be studied in class.

Course Prerequisite(s) and/or Corequisite(s)

Recommended preparation: AMSL 100 (American Sign Language 1)

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

- 1) Distinguish correct facial grammar for six basic sentence types, recognizing the type of sentence that is being produced.
- 2) Convert simple written English sentences to grammatically correct ASL sentences.
- 3) Identify some historical features and developments in American Deaf culture.

Course Objectives

Upon satisfactory completion of the course, students will be able to:

1. Demonstrate knowledge of approximately 30-35 new vocabulary signs per week.
2. Recognize commonly fingerspelled words up to five letters at a beginning-intermediate pace.
3. Demonstrate basic knowledge of number incorporation relating to time signs.
4. Discuss in ASL topics related to employment, sports, activities, health and illness, classes, and current events.
5. Express skill, opinions, satisfaction, beliefs and advice with the selection of the appropriate signs.
6. Politely decline an ASL request or invitation.
7. Give directions to specified locations and describe the locations using classifiers.
8. Demonstrate knowledge of Deaf Culture's use of modern technology for accessible communication.
9. Describe important events in American Deaf history, including the Congress of Milan.
10. Display and recognize correct facial grammar for conditional sentences and rhetorical questions.

Textbooks & Other Resources or Links

Required text: Learning American Sign Language. (Second Edition). Humphries. T. & C. Padden. ISBN 0-205-27553-2

Recommended text: The American Sign Language Handshape Dictionary. Tennant, R. and M. Brown. ISBN 978-1-56368-444-9.

Course Requirements and Instructional Methods

Teaching Strategy:

The instructor will be teaching on ground. **There are many advantages to attending the live class. It is the easiest way to earn lab points, you will have access to the embedded tutor during that time, and some exercises you CANNOT do individually.** Language is about communication and interaction, and you cannot do that signing to yourself into a camera.

The instructor will generally be teaching with a voice off approach, after the first few weeks. This will increase your receptive and expressive comprehension, as you will be asked to respond in ASL. You will be participating in a variety of class exercises designed to increase both your receptive and expressive skills. Please arrive to class on time, ready to start signing.

The instructor knows that you will not understand 100% of her signing. The necessary information is delivered to you via in class notes accompanying the lecture and information loaded onto Canvas.

We will be introducing new vocabulary weekly, and then applying it through a variety of exercises. **You MUST practice outside of class.** We will also be learning new grammatical structures weekly as we go through the chapters of the book. You will be asked to prepare some ASL assignments outside of class; you will be given clear instructions to follow to produce successful assignments.

You may have to sign individually to your instructor, or in small groups, or in front of the class. We will have presentations this semester, as well as signing labs, small group work, and larger group work. You will need to do homework and practice outside of class. This will require a time commitment, so please read the statement below from the Department of Education.

You will quiz weekly in this class, and will take 3 exams over the course of the semester. Most quizzes will be given in class. There is no way to make up quizzes given in class. **There are no time limits on exams.** Every exam given in class will usually have at least double the time needed to complete the exam. This is because everyone takes exams differently, and some people need more time to complete the exam than others.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

Grading will be based on a standard distribution (see below). **You are allowed to submit one late homework for full credit.** If you are ill, you will make up any in class presentations the day you return to class. If written homework is due the day you are absent, you can submit it via Canvas to the instructor. No other late homework will be accepted.

Grading will be based on a standard distribution (i.e., 90-100% = A, 80-89.9% = B). There will be 1,000 points possible during the course.

Participation	150 (includes participation, no voice, following class rules)
Homework	175 (includes written and signed homework)
Exams	300
Quizzes	150
Presentations	50 (2 @ 25 points each)
Section finals	75 (3 @ 25 points each)
Interactive final	50 (signing one on one with the instructor)
Deaf Event report	50

TOTAL 1,000

Very little extra credit will be given in class during the semester. Extra credit opportunities will consist of either attending an event where you use your ASL, or you observe upper level signers using their ASL. These

are called Deaf events, as there are usually Deaf people attending. There will be at least 9 Deaf events during this semester, most offered via Zoom. You are REQUIRED to attend 1 Deaf event, and type a report about it. You may attend a second event for extra credit.

Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Course Policies

My classroom rules remain the same, regardless of online or on ground:

1 – **Pay attention to the best of your ability** – Please focus on the class and the material we are learning while you are in class. Some days you will be able to focus more than others: do the best you can. No cell phones, unless I say to use them or you are using them to take a picture of the notes. (And then you still need to write the notes down, or you'll never remember the info.) If you need to do something elsewhere, please leave the class and return when you can focus on it. If you are going to be in class, *BE IN CLASS*.

2 – **If you have a question, ask the instructor**, not your classmates. Of course you will have an opportunity to discuss things with your classmates in the classroom, and you may clarify things with each other. But if you have a significant question, you should probably ask the person who is going to give you the grade, not your classmate. The only stupid question is the one you don't ask – and it will probably show up on the test!

3 – **NO CHEATING!!!!!!!!!! There is not a strong enough English word to tell you how I feel about cheating.** It is far better to leave an answer blank or to tell me a joke or draw me a picture when you don't know the answer. I will monitor you while you are taking your exams, and you REALLY don't want to cheat. Your integrity is something that no one can take from you. Don't give it away.

Students will be expected to follow IVC's online netiquette policy:

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].

Other Course Information

Your instructor believes that we can create a strong learning community through connection. We will be interacting with each other during every class, and you will get to know your classmates and possibly make some new friends. ASL belongs to the Deaf community, and the Deaf community is a friendly group of people, who enjoy interacting.

You don't have to be a "people person" to take ASL. You do have to be willing to communicate with your classmates. There will be times that your grade will depend on your classmates and your interaction with them. Make sure that you are polite and supportive: EVERYONE is learning, and ANYONE can be having a bad day, and may not be signing as well as they can.

IVC Student Resources

IVC wants you to be successful in all aspects of your education. For help, resources, services, and an explanation of policies, visit <http://www.imperial.edu/studentresources> or click the heart icon in Canvas.

Anticipated Class Schedule/Calendar
