

Basic Course Information

Semester:	Spring 2024	Instructor Name:	Liisa Mendoza
Course Title & #:	American Sign Language Linguistics AMSL 220	Email:	liisa.mendoza@imperial.edu
CRN #:	21130	Webpage (optional):	N/A
Classroom:	Via ZOOM	Office #:	312
Class Dates:	2/12/24 – 6/5/24	Office Hours:	Via Zoom: MW 9:00 – 10:00 am On ground : TR 7:25 – 7:55 am 9:30 – 10:00 am (312)
Class Days:	MW	Office Phone #:	(760) 355-6120
Class Times:	1:00 – 2:25 pm	Emergency Contact:	Email
Units:	3	Class Format:	Real time, synchronous, online

Course Description

This course introduces the basic components of linguistics underpinning any language. It focuses on discovering how ASL satisfies these components, and linguistic comparisons between ASL and English. Topics covered include phonology, morphology, syntax, semantics and lexis. This course will focus on comparative and applied linguistics, and also examine structural and theoretical linguistics. Students will learn ASL idioms, advanced mouth morphemes and classifiers, as well as advanced loan signs. This course ultimately aims to apply linguistic knowledge, resulting in increased fluency in ASL, both expressively and receptively. This course will be conducted in ASL. (CSU, UC)

Course Prerequisite(s) and/or Corequisite(s)

Recommended preparation: AMSL 200 (American Sign Language 3)

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

1. Students will be able to define the basic components of language: phonology, morphology, syntax, semantics and lexis. (ILO 1, ILO2)
2. Students will be able to compare and contrast ASL and English in a given linguistic category. (ILO 1, ILO 2, ILO 5)
3. Students will demonstrate an ASL example of a given linguistic category. (ILO 1, ILO 2, ILO 5)

Course Objectives

Upon satisfactory completion of the course, students will be able to:

1. Define and describe phonology.
2. Define and describe morphology.
3. Define and describe semantics.
4. Define and describe syntax.
5. Define and describe lexis.
6. Compare and contrast the phonology of ASL and English.
7. Compare and contrast the morphology of ASL and English.
8. Compare and contrast the semantics of ASL and English.
9. Compare and contrast the syntax of ASL and English.
10. Compare and contrast the lexis of ASL and English.
11. Provide signed examples of ASL phonology.
12. Provide signed examples of ASL morphology.
13. Provide signed examples of ASL semantics.
14. Provide signed examples of ASL syntax.
15. Provide signed examples of ASL lexis.
16. Demonstrate ability to sign advanced loan signs.
17. Define given ASL idioms.
18. Select and sign appropriate ASL idioms for given situations or meanings.
19. Discuss linguistic structures relating to classifiers.
20. Demonstrate the appropriate mouth morpheme for a given description.
21. Recognize an ASL acronym or abbreviation, and identify its English meaning.

Textbooks & Other Resources or Links

Required text: **ASL-English Grammar: A Comparative Linguistics Handbook.** Struxness, Kevin & G. Marble. ISBN 978-0-9891364-0-2-52995.

American Sign Language: A Teacher's Resource Text on Grammar and Culture. Baker-Shenk, Charlotte & D. Cokely. ISBN 0-930323-84-X.

Recommended text: **The American Sign Language Handshape Dictionary.** Tennant, R. and M. Brown. ISBN 978-1-56368-444-9.

Course Requirements and Instructional Methods

Teaching Strategy:

The instructor will be teaching synchronously via Zoom. This class was listed in the catalog as real time, with time blocks given. **There are many advantages to attending the live class. It is the easiest way to earn lab points, you will have access to the embedded tutor during that time, and some exercises you CANNOT do individually.** Language is about communication and interaction, and you cannot do that signing to yourself into a camera.

The instructor will generally be teaching with a voice off approach. This will increase your receptive and expressive comprehension, as you will be asked to respond in ASL. You will be participating in a variety of class exercises designed to increase both your receptive and expressive skills. Please arrive to class on time, ready to start signing.

The instructor knows that you will not understand 100% of her signing. The necessary information is delivered to you via in class notes accompanying the lecture and information loaded onto Canvas.

We will be introducing new vocabulary related to linguistics weekly, and then applying it through a variety of exercises. **You MUST practice outside of class.** We will also be learning new grammatical structures weekly as we go through the chapters of the book. You will be asked to prepare some ASL assignments outside of class; you will be given clear instructions to follow to produce successful assignments.

You may have to sign individually to your instructor, or in small groups, or in front of the class. We will have presentations this semester, as well as signing labs, small group work, and larger group work. You will not This will require a time commitment, so please read the statement below from the Department of Education.

You will quiz weekly in this class, and will take 3 exams over the course of the semester. A few quizzes will be given in the Zoom classroom. Most quizzes will be given through the Canvas system, but not using the Canvas quiz feature. Most quizzes will be written. **You may record your answers if you are more comfortable signing than writing.** You may be given the question file and a link to a recording. You will then click on the recording

and start the quiz. The exams will be administered the same way. **There are no time limits on exams or quizzes**, as you may need to watch the recordings a few times if your wifi glitches or goes down.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

Grading will be based on a standard distribution (see below). **You are allowed to submit one late homework for full credit.** If you are ill, you will make up any in class presentations the day you return to class. If written homework is due the day you are absent, you can submit it via Canvas to the instructor. No other late homework will be accepted.

Grading will be based on a standard distribution (i.e., 90-100% = A, 80-89.9% = B). There will be 1,000 points possible during the course.

Participation	150 (includes participation, following class rules, engagement in discussions)
Homework	300 (includes book questions, homework assignments, in class discussions and in class presentations, and preparation for discussions, etc.)
Quizzes	100
Exams	350 (Exam #1 – 100; Exam #2 – 100; Exam #3 (cumulative final) = 150 points)
Portfolio	100 (written and recordings)

TOTAL 1,000

Very little extra credit will be given in class during the semester. Extra credit opportunities will consist of attending a Deaf event. You will be REQUIRED to attend a Deaf event to analyze some sociolinguistic elements, and include it in your portfolio. There will be at least 10 Deaf events during this semester, some offered on ground and some via Zoom. You are REQUIRED to attend 1 Deaf event, and type a report about it. You may attend a second event for extra credit.

The first event cannot be a crossover event from another class. You will be analyzing for different things in linguistics than in ASL 4 or other ASL courses.

Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Course Policies

My classroom rules remain the same, regardless of online or on ground:

1 – **Pay attention to the best of your ability** – Turn on your cameras when in the Zoom room. I need to see you to know if you are even there. If you are having camera tech difficulties, let me know via the Chat or email. If you have to turn off your camera, let me know why. No cell phones, unless I say to use them or you are using them to screen shot the notes. (And then you still need to write the notes down, or you'll never remember the info.)

2 – **If you have a question, ask the instructor**, not your classmates. Of course you will have an opportunity to discuss things with your classmates in the Zoom classroom, and you may clarify things with each other. But if you have a significant question, you should probably ask the person who is going to give you the grade, not your classmate. The only stupid question is the one you don't ask – and it will probably show up on the test!

3 – **NO CHEATING!!!!!!!!!! There is not a strong enough English word to tell you how I feel about cheating.** It is far better to leave an answer blank or to tell me a joke or draw me a picture when you don't know the answer. This is even more important during this time of online learning. I do not want to have to have you record yourself taking exams, or to administer them live to monitor all of you. Please do not make me. Your honor is something that no one can take from you. Don't give it away.

Your instructor's perspective on attending class via Zoom:

Learning via Zoom can be challenging. Many of you will be attending from your home or your workplace. That means there may be many different, important things competing for your attention. I personally don't care if you bring your dog, cat, or baby/younger sibling into the Zoom room. They are a part of your life too.

I don't care if you're in your jammies in the Zoom room – as long as you don't sleep nude! I don't care if you have your makeup on or not. I don't care if you have your hair done or the worst bad hair day ever. I DO care that you make it in to class. (In clothes. Please wear clothes. Something that covers all of you, even if we don't see it!)

Students will be expected to follow IVC's online netiquette policy:

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others’ opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].

Other Course Information

Your instructor believes that we can still create a learning community – and a signing community - on Zoom. We will be interacting, and you will get to know your classmates and possibly make some new friends. ASL belongs to the Deaf community, and the Deaf community is a friendly group of people, who enjoy interacting.

You don’t have to be a “people person” to take ASL. You do have to be willing to communicate with your classmates. There will be times that your grade will depend on your classmates and your interaction with them. Make sure that you are polite and supportive: EVERYONE is learning, and ANYONE can be having a bad day, and may not be signing as well as they can.

IVC Student Resources

IVC wants you to be successful in all aspects of your education. For help, resources, services, and an explanation of policies, visit <http://www.imperial.edu/studentresources> or click the heart icon in Canvas.

Anticipated Class Schedule/Calendar

Note: GB = Green Book AEG = ASL-English Grammar BQ = Book Questions

Please note: This is the ANTICIPATED course calendar, subject to change

DATE	IN CLASS	HOMEWORK
2/12(M) <i>I</i>	Syllabus, welcome Basic orientation to course Definitions and basic ideas	Read syllabus, note questions Purchase texts Read GB pp xi – xviii Review notes
2/14 (W) <i>I</i>	What is language? What is culture? What is ASL? Symbols for ASL and English in your texts Semantic exercises orientation: AEG pp 87-110	Read GB pp 1-46 (Transcription Symbols, Chapter I) Read AEG xi - xx Semantic exercises as assigned Read AEG pp 1-9 BQ AEG as assigned
2/19 (M)	NO CLASS: PRESIDENT’S DAY	As assigned

2/21 (W) 2	Quiz #1 (Week 1) English in the Deaf Community Parts of speech, forms, sentence parts and sentences Introduction to phonology	Read GB II & III (pp 47-78) BQ GB I & II begun Semantic exercises as assigned
2/26 (M) 3	Phonology in spoken languages Phonology in signed languages Phonology in ASL History of ASL phonological discovery	BQ GB I & II finished Review for quiz Read AEG pp 9 – 17 BQ AEG as assigned
