Course Requirements and Instructional Methods

- In English 110, subject matter and skills are introduced and practiced through online activities and assignments. Completion of assignments and participation in online discussions and journals is required. Due dates are firm.
- Online and Hybrid courses demonstrate compliance with the IVC [Regular and Effective Contact Policy for Distance Education](#).
- Note: *If you do not complete the first Week 1 Assignment, you will be dropped from the course. If you decide later in the semester that you do not want to finish the course; however, it is your responsibility to drop before the deadline.*
- Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement. That means that in a 4 unit class like this one, you need to have 12 hours free (4 “in class” plus 8 “out-of-class” = 12). Note: In our six-week Summer Session, each week is worth almost three weeks of a normal semester. This means that instead of 12 hours a week, you should need almost 3 times that, or 30 - 36 hours a week.

Course Grading Based on Course Objectives

A final grade will be based on your weighted average in the following categories:

Essays: 60%

- Essay 1: Rhetorical Analysis: 10%
- Essay 2: Literary Analysis Essay: 10%
- Essay 3: Research Proposal
 - Essay 3: Research Proposal: 20%
 - Annotated Bibliography: 5%
- Essay 4: Argumentative Essay / Final Exam – 15%

Discussions: 15%

Assignments & Journals: 15%

Practice Quizzes: 10%

Course Policies

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped. Should readmission be desired, student's status will be the same as that of any other student who desires to add a class.
- It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Attendance is critical to student success and for IVC to use federal aid funds. Regular attendance is expected. A student whose continuous, '**unexcused**' absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
 - Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as '**excused**' absences, as will absences due to medical emergencies.
- Acceptable indications of attendance are:
 - Student submission of an academic assignment or discussion
 - Student submission of an exam
 - Student participation in an instructor-led Zoom conference
 - Documented student interaction with class postings, such as a tutorial or computer-assisted instruction
 - An email from the student or other documentation showing that the student has initiated contact with a faculty member to ask a question about an academic subject studied in the course.

Note: Logging onto Canvas alone is NOT adequate to demonstrate academic attendance by the student.

Netiquette

- Netiquette is a set of guidelines for behaving properly online and includes internet manners, online etiquette, and digital etiquette.
- Students should comply with the following when emailing or taking part in discussions:
 - Identify yourself by first and last name
 - Include a subject line
 - Respect others' opinions and privacy
 - Use appropriate language (think PG or PG-13)
 - Do not use ALL CAPS or multiple exclamation marks (!!!!)

Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property. There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Using AI tools without the instructor's permission. *See statement below.

IMPERIAL VALLEY COLLEGE

- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

Artificial Intelligence -AI

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Work-Based Learning

Work-based learning (WBL) uses classroom assignments to help you gain skills that are needed in the world of work to provide you with a deeper, more engaging and relevant learning environment. This semester, I will be offering the following WBL activity to prepare you for careers like nursing, teaching, law, sales, police and border patrol that require critical thinking, problem solving, research, communication, and collaboration skills.

WBL Activity Name	WBL Activity Description
WBL Activity: Capstone Project	For Essay #3, you will be researching a local problem and proposing a solution for it, using critical thinking, problem solving, research, and literacy (reading and writing) skills.
