Course Description

An introduction to debate, with emphasis on the creation and refutation of arguments concerning current social, political, and legal issues.

Please be aware that you will be a part of a debate TEAM. This means that your team will be counting on your attendance, research, presentation, flows, rebuttal, cross-examination, and final focus.

If this is an online course, then you will have to create rebuttals for any counterarguments your peers may post.

Course Prerequisite(s) and/or Corequisite(s)

None; however, I highly recommend you take COMM 100 before this course.

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

- 1. Write out a case for an argumentative debate.
- 2. Write and submit five properly worded debate propositions.
- 3. Use logos to support their arguments during the debate process.

Course Objectives

- 1. The student will be able to create, critique, and refute arguments.
- 2. The student will be able to identify fallacious argumentation.
- 3. The student will be familiar with the most commonly debated topics (i.e., gun control, capital punishment, legalization of prostitution, animal rights, euthanasia, etc.) and the arguments that are typically made in these debates.
- 4. The student will participate in formal classroom debates.

5. The student will understand the responsibilities of the proposition vs. opposition as well as the role of each speaker on the proposition and opposition teams.

Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Course Policies

[Describe other policies such as attendance, academic honesty, netiquette, expected classroom behavior, etc.]

Attendance

A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.
