Click on Modules/ Begin Here!

Modules:

Go to [Repaso semanal](#) (weekly review) after watching the video and seeing what you need to do, go to [Capítulo](#). In each Capítulo you will have the modules for each chapter that we will cover for the semester. You must complete all the activities assigned in each module every week **such as videos and practice activities** and practice quizzes because they take the place of the professor's lectures. Then, go to [LingroLearning.com](https://www.lingrolearning.com) (¡Anda! Curso elemental) and complete the tasks related to the modules. **The quizzes, discussions, escrituras, oral presentations are in Canvas, due at 11:59 p.m. and [LingroLearning.com](https://www.lingrolearning.com) (¡Anda! Curso elemental) Activities and chapter tests are in [LingroLearning.com](https://www.lingrolearning.com) (¡Anda! Curso elemental), activities are due at 11:59 p.m.**

LingroLearning Activities and Extra Activities:

It's important that you complete the activities in every Module (Canvas) and Prácticas (practice quizzes) because in this way, you will reinforce your acquisition of the target language. These activities are not part of your overall grade but it's important that you complete them. Every chapter we will cover, you must complete all LingroLearningAnda's activities. In each module we will review the grammar from the previous week, these are components that are essential for a better understanding of material presented in Spanish 100.

LingroLearningAnda Activities, you do not need to get a 100% score in every single activity as long you pass them and complete them as stated in the instructions.

Quizzes & Tests:

There are quizzes in Canvas every week **based on videos and grammar we cover in the course** and at the end of each chapter there is an exam at the end of each chapter we cover. For quizzes and tests, please know that I realize that in life there are many situations that occur, such as submitting incomplete assignments, the browser accidentally shutting down while you are taking a quiz, being sick, problem with the Internet connectivity or

having an illness or a death in the family. Taking in consideration these situations, I will drop the lowest score for a test and three lowest scores for the quizzes but be careful since I won't reset any test nor quizzes.

When you are taking a quiz or exam online, open just one browser. This is very important because if you open different browsers and accidentally close the one that has your quiz/exam, you will lose it. The system only allows you one attempt, and it is timed. I have no control over this issue. You will not be able to retake the quiz/exam. Also, do not refresh the test because only you have one attempt, this will count as your attempt.

Written assignments:

You will be assigned five written (Escrituras) tasks throughout the course, at the end of every chapter in Canvas. The instructor will assign the topics for these written tasks in-class and in Canvas. It's important to pay attention to the grammar (including accent marks). These tasks will be assigned at the end of each chapter. Be careful, these written activities will be graded based on their content such as style, use of the vocabulary and grammar. Escrituras are in-class and Canvas with the format Word or Pages. Otherwise, you will receive zero for those assignments. **Read the rubric before you complete this task.**

Discussions:

There is a discussion every week. The first discussion starts on the first week. You will find the discussion topic at the bottom of the Modules or click on the tool Forums. Click where it says discussion, you won't see anything until you post your task, read, and follow instructions for you to post your activity. There are two due dates for Discussions for each chapter. **Do not forget that you will also have to comment on two of your classmates' activities. These discussions will be worth 12 points each. Your first post is due on a specific date, and it must have at least 100 words and your second post are comments on two of your classmates must have at least 50 words.** Otherwise, you won't receive full credit. Also, you must type your first post for you to complete the second part of the discussion. In other words, if you do not type your first post, you will receive zero for the discussion on the specific week even though you type the comments on two of your classmates' activities.

If any student uses inappropriate language or is disrespectful to another student, that student will lose points and need to have a personal conversation with the instructor. Remember, this is a college class, and the discussion should be academic in nature, so don't get off topic or you will also lose points. In addition, if you

choose to upload a picture into your profile, make sure it is an appropriate photo and that it is sized properly, or I will have to ask you to remove it. For example, too much skin exposure, even on a baby is inappropriate. Thank you for your cooperation in this matter.

Oral Presentations:

You will prepare for two oral presentations in the target language. Presentation will be graded on content, preparation, creativity, vocabulary, fluency, pronunciation, and ability to communicate in the target language. You will be given more details about this during the semester.

Late assignments:

Late assignments won't be accepted.

Grading Criteria:

For grading refer to the final grading scale. For the due dates for all the activities and chapter tests in [LingroLearning.com](https://www.lingro.com) (¡Anda! Curso elemental) and Canvas, please refer to the calendar of assignments due in the syllabus. Your overall grade will be in Canvas. I will transfer all the data manually into Canvas.

Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Course Policies

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

Online Netiquette

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For

online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.

- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Student Rights and Responsibilities

Students have the right to experience a positive learning environment and to due process of law. For more information regarding student rights and responsibilities, please refer to the IVC [General Catalog](#).
