21st Century Communication – Listening, Speaking, and Critical Thinking 3
Student Book with Online Workbook

AUTHOR: Bonesteel, Lynn (2017) ISBN: 978-1-33-727582-8

NOTE: You are not required to buy a new book. However, you must have access to the online workbook. You cannot complete the coursework required for the class without the online workbook.

Course Requirements and Instructional Methods

This class will consist of both online and in-class activities including presentations, quizzes, discussions, and Instagram posts. There will also be learning logs and a vocabulary notebook that you add to throughout the semester. We will watch videos and lectures of different subjects, practice note-taking, study grammar, and work on our presentation and communication skills. There will also be a midterm and final oral exam. Readings and assignments may be posted and submitted online. Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student

IMPERIAL VALLEY COLLEGE

work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

This class uses a weighted grading system. The points for each assignment count toward a category. The weights are as follows: Assignments and homework 10% Quizzes 10% Presentations and projects 50% Midterm 10% Final 20% Total 100%. Grades for assignments will be posted in Canvas. * Quizzes and discussion assignments will not be accepted late and must be completed on or before the original due date to get points.

Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification. *Student must earn 70% or higher as a final grade to pass the class.

Course Policies

Attendance

I do not drop students after the first week. If at any time a student decides he or she would not like to continue in the course, the student is responsible for dropping the class or receiving a grade that reflects the amount and quality of work he or she has or has not done at the end of the course.

A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.

Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.

Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Classroom Etiquette

All students are expected to be on time and prepared for class. All students should be respectful to each other and the instructor. Remember that we are all here to learn, and learning requires practice. Nobody

IMPERIAL VALLEY COLLEGE

is perfect, and nobody in the class should feel scared or embarrassed about making mistakes. They are a part of learning!

Students should ask questions if they are confused or need something repeated. Asking questions means that a student wants to learn and is paying attention. Written work should be neat and turned in on time. Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor. ☒ Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.

Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog. Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the importance of acknowledging and safeguarding intellectual property. There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct. ☒ Plagiarism is taking and presenting as one's own the writings or ideas of others without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.

Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the academic assignment's context. Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action.

Please refer to the General Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following:

- (a) plagiarism
- (b) copying or attempting to copy from others during an examination or on an assignment
- (c) communicating test information with another person during an examination
- (d) allowing others to do an assignment or portion of an assignment
- (e) using a commercial term paper service

Student Equity Program: The Student Equity Program strives to improve Imperial Valley College's success outcomes, particularly for students who have been historically underrepresented and underserved. The college identifies strategies to monitor and address equity issues, making efforts to mitigate any disproportionate impact on student success and achievement.

Our institutional data provides insight surrounding student populations who historically, are not fully represented. Student Equity addresses disparities and/or disproportionate impact in student success across disaggregated student equity groups including gender, ethnicity, disability status, financial need, Veterans, foster youth, homelessness, and formerly incarcerated students.

The Student Equity Program provides direct supportive services to empower students experiencing insecurities related to food, housing, transportation, textbooks, and shower access. We recognize that students who struggle meeting their basic needs are also at an academic and economic disadvantage, creating barriers to academic success and wellness.

We strive to remove barriers that affect IVC students' access to education, degree and certificate completion, successful completion of developmental math and English courses, and the ability to transfer to a university. Contact: 760.355.5736 or 760.355.5733 Building 100.
