Course Requirements and Instructional Methods

This is a HYBRID course. We will meet face-to-face on campus AND you will do work online. Class meetings (once a week on Mondays) in person are required

Communicate in English in class.

This course is designed to help you improve your speaking and listening skills in English. If you do not practice using English or do not use English to communicate in class with your teacher and your classmate, your progress will be slower.

You may be expected to speak in English in the following contexts:

- (1) with a partner.
- (2) in a small group.
- (3) in a formal presentation in front of the class.
- (4) with your teacher;
- (5) in recorded, online assignments.
- (6) with strangers in out-of-class assignments.

You will also listen to audio clips and watch videos and will be expected to discuss and write about the content in English. We will do a variety of activities in class. Sometimes there will be lectures and you will need to take notes (and ask questions!). Sometimes you will do individual writings and exercises, and sometimes you will do pair/group writings and exercises. You will also take tests throughout the term.

Success: Acquiring another language requires focused effort. Sitting in class is simply not sufficient for you to succeed. You must study, speak, read, and listen to English as much as you possibly can outside of class. College guidelines suggest that you study two hours for every hour of class. Since this is a five-hour class, this would mean that you are expected to study or participate in some other learning activity for an additional ten hours every week

IMPERIAL VALLEY COLLEGE

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Canvas/online assignments/modules are due each week on Sunday, by 11:59 pm.

Course Grading Based on Course Objectives

Class Participation 10%
Online Homework 20%
Quizzes/Exams 20%
Writing assignments 30%
Mid-Term Project 10%
Final Presentation 10%

Class participation includes any activities that are completed and turned in during class time as well as your participation in class discussions. These activities are worth 10% of your grade. **Online homework and quizzes** will be done mostly outside of class and are also worth 20% of your grade, each. In addition, you will have short writing assignments that are worth 30%, and 2 major projects, **a midterm and final project** that are both worth 10% each.

Each assignment, quiz, presentation, etc., will have a number of points assigned to it. Your total points will determine the grade you get for that assignment and how much it contributes to the total percentage of the grade.

See the grading scale below for letter grades:

A 100-90
B 89-80
C 79-70
D 69-60
F 59 or Below

Late assignments:

- You can turn in homework and writing assignments **up to 1 week late; 2 points will be deducted for each day it is late**
- Quizzes/exams; You can make up only 1 throughout the semester; please plan accordingly if you need to be absent for any reason

Academic Honesty (Artificial Intelligence -AI)

Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Updated 6/2023

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

Plagiarism is taking and presenting as one’s own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to “cite a source” correctly, you must ask for help.

- **Cheating** is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.
