## Course Description

*This course examines the major physical, psychosocial, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. There will be an emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children, evaluate individual differences and analyze characteristics of development at various stages. (Same as PSY 104) (C-ID CDEV 100) (CSU) (UC credit limited. See a counselor.)*

## Course Prerequisite(s) and/or Corequisite(s)

### Course Requirements and Instructional Methods

*Regular and substantive contact between the student and the instructor is a critical component to the learning process. To assure effective contact in this course the instructor will provide:*

*\*Orientation material that provides the students with the basic structure and operations of the course.*

### **On-Campus Sessions:**

*The class will meet twice a week on the Campus of IVC. Students are expected to attend class meetings on a regular basis.*

*Class session will consist of material and learning activities covering current Unit material. Classroom sessions are not videotaped-it is the students' responsibility to attend all class sessions and to be familiar with all material covered during the class session.*

*Some class sessions will contain graded assessments completed during a class meeting- No make-up opportunities will be provided for absent students.*

### **Canvas Use**

*We will rely on the use of Canvas throughout the course- Many course assessments will be submitted through Canvas- Students who do not have access to Canvas through home internet may utilize the computers in the IVC library for Canvas access.*

*Canvas is an integral aspect of the course, and students are expected to visit our Canvas page on a regular basis and are to be accountable for submitting all assessments due through Canvas.*

*Canvas will routinely be used by the instructor to as an aid to communication and connection through announcements that keep students course information.*

*\*Email contact within or outside Canvas, with a response to student emails within 48 hours.*

*\*Grades for all coursework posted no later than 14 days after submission*

### **Course Structure and Required Course Work:**

*All the Module Learning Units will be accessible from the Course Menu. Each Learning Unit will be numbered in sequence.*

*Most Units last one week. You can read explanations of each Unit, and the course work required for the Unit, by clicking the provided link on the course Home page or via the Modules link in the course menu.*

*Each Unit will require you to do reading in the course text, view course videos, engage in Discussions, and/or complete an Assignment*

***(Unless otherwise stated, Units will be active for 1 week and the due dates for Unit work will be on the following Monday evening @ 11:59 PM)***

***Please keep in mind that late work cannot be submitted after the due date and time-On the due date of each Unit, the Assignments, Discussions, and Quizzes required in that Unit will close and cease to be accessible.***

***You will still be able to see the Units throughout the semester for review.***

***It is critical that you stay current with work for each Unit- Students who get behind in their coursework often end up failing the course as a result***

***NOTE: For the various required course work addressed below, \*(PLO #) indicates the Child Development Program Learning Outcome that is met by passing completion of the work.***

***Assignments: A total of 6 Assignment submissions will be required for the course. Each Assignment will be worth 10 points. The structure of the Assignments may vary but all will be submitted in the same manner on Canvas- Assignments will be focused on the following:***

***1: Introduction Assignment: This Assignment is designed to allow students to become comfortable submitting an Assignment- Students are asked to share with the instructor with any personal information the feel would allow the instructor to better understand and serve the student.***

***2: Vygotsky/ZPD/Scaffolding: Students will provide an overview of Vygotsky's concept of Scaffolding. Students then apply the concept scaffolding to a learning experience in their childhood. Students are also asked to reflect on how they might use scaffolding in a classroom setting. \*(PLO 1,5)***

***3: New Mother Interview: Based on course content, students will create 10 questions and interview a mother of an infant/toddler- Students will provide a discussion of the interview responses, using source material to compare/contrast with the interviewed mother's experience pre and post-natal. \*(PLO 1, 2,6)***

***4: Milestones of Development: Students will focus on milestones of development related to cognitive, social-emotional, and physical domains of development for age groups 0-6 months, 7-12 months, 13-18 months, 19- 24 months, 2 years, 3 years, and 4 Years. For each age group students will describe a specific milestone of development related to each developmental domain and provide a picture that exemplifies the milestone, and a short description of how the milestones aid future development. Students will provide sources for their milestone descriptions. \*(PLO1, 3)***

***5 Activity plan- You will be required to develop engaging learning activities designed to promote specific developmental skills***

***6: Observation/Conservation: Students will provide a written overview of the concept of Conservation. Students are required to test the concept of conservation on a preschool age child and a child between 7-8 years and provide a written record of what they observed, and a discussion related to the development of conservation skills. \*(PLO 1,3)***

***7: Adolescent Personal Reflection: Students will reflect on their own adolescent years, applying course material to their own adolescent experience: Topics of focus include: Relationship with parents, peer pressure, self-esteem, friendship/ dating, idealism, rebellion, reckless behavior, and personal fable. \*(PLO 1, 3)***

***For those assignments that will be submitted on Canvas, I would suggest you type your Assignments in Word, save them on your computer, and then cut and paste into the Assignments area on Canvas. You can save your work in the Assignment tool as a draft, if you are not ready to submit it yet, BUT you must remember to go back and click the submit button before the deadline or you will not be able to submit it at all. If you choose to submit your work as an attachment, make sure it is in MS Word, or a text file.***

***Take care to make sure your response is all well-supported, and free of grammatical errors.***

***Discussions: A total of 6 Discussion submissions will be required for the course. Each Discussion will center on a topic question posed by the instructor and will primarily ask for your opinion related to the question or to the responses of other students. \*(PLO 1,2,3,4,5,6 , Collectively) – Your Discussion responses will be then be shared with the entire class***

***Your Discussion response will be graded on whether it is a well thought out response, that it is clear from your response that you did the reading, and that your opinion is based on evidence from your readings or a thoughtful response of another student's post.***

***You should respond when you have something to say and don't be afraid to engage in an argument, just remember that you need to be respectful to all students.***

***If any student uses inappropriate language or is disrespectful to another student, that student will lose points and need to have a personal conversation with the instructor.***

*Because actively reading and responding to the Discussions posted by your fellow students is essential, after the due date and time, the Discussion will be locked, and you will not be able to post a response. No exceptions will be made on these deadlines.*

**Application of Theory Paper:** 30 points: You will be researching a specific developmental theory of your choice- You are required to provide an overview of the main terms and concepts of your chosen theory- And you will be required to apply this theory to a provided scenario- The paper must be supported with at least 3 professional sources, and the sources and reference page are required to follow APA style.\*( PLO 1,2,3,)

**Quizzes /Tests:** There will be a short 5-point quiz for most of the Units that will be taken on your Canvas site. These quizzes are basic and intended to help you review the material and introduce you to the type of questions you will see in the exams. However, they may not be the exact questions in the exams. The quizzes will open near the beginning of the Unit and close on the due date of the Unit. Quizzes are not timed.

There will also be a timed test covering all chapters of The Early Years, an untimed Test related to chapters on The Middle Years, and a Final Test covering material from both The Middle Years and all chapters related to Adolescent Years, and core principles of Child Development.

No late Quizzes or Tests are allowed.

**Recollect/Reflect/Apply:** Allowing students to synthesize and apply material from the various stages of development: Heredity/Prenatal and Birth, Infant/Toddler, Early Years, Middle Years, and Adolescent Years- These Assignments may consist of a combination of short answers, longer essay question that will allow you to apply what you have learned – There may also be multiple-choice questions. But the focus of the Assignments will be on your written application of what you learned.

There will also be an untimed Quiz covering the Chapters on the Middle Years- Students will have a week to submit the Test.

\*(Study groups are highly recommended and would help alleviate the isolation that sometimes occurs in an online course)

***Out of Class Assignments:*** *The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.*

\*\*\*\*It is strongly suggested that all work be saved as a file, such as a Word or Google Doc file.

\*Those students who plan to complete the Child Development majors please be mindful that in the CDEV 200 course, you will be required to create a portfolio of core assignments from each of your CDEV classes. So, it is necessary to save all your work f

## Course Grading Based on Course Objectives

### Course Grading Based on Course Objectives

***[Course Grade: The course grade is based on total points accumulated during the semester. . Grades are determined by dividing the total points you earn by the total points available (to get your percentage). I will use the grad-book on Canvas, but it is a good idea to keep your own records to compare with your instructor's records. The grade-book on Canvas my not always show the correct total.***

***There will be NO IVC campus meetings required for the course***

***There are no make-up exams, unless you have a very good reason and arrange a makeup date with the instructor before the exam. All students must take the final exam or the course grade will be F.***

***Students are expected to do all course work outlined in each Lesson. The course work will consist of:***

***Discussions: Intro Discussion @ 1pts (+) 4 Discussions @ 3 points each =14 points***

***Application of knowledge Assignments:***

***Mother Interview and application of concepts: 10 points***

***Milestone Projects: 12 points***

***Observation/ Conservation: 10 points***

***Adolescent Reflection: 5 points***

***Application of Theory = 30 points***

***Unit Practice Quizzes @ 5 points = 55 points***

***Preschool age 'Mini Test': 12 .5 pts***

***1 Untimed Middle Years Exam=7.5 points***

***1 Final application: 14.5 points***

***Total points possible = 169.5 total points***

***Grade Breakdown: A=90%-100%, B=80%-89%, C=70%-79%, D=60%-69%, F= 59%and below***

## **Course Policies**

### **Attendance**

#### ***Attendance***

***A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class.***

***Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.***

***Regular attendance in all classes is expected of all students. A student whose continuous, unexcused \*\*absences excused the number of hours the class is scheduled to meet per week may be dropped.***

***Each non-excused absence will result in a .5 reduction in participation points.***

---

---

***Absences attributed to the representation (conferences, contests, and field trips) will***

***Attendance roll will be taken at the join the class after attendance has been***

***of the college at officially approved events be counted as 'excused' absences.***

***beginning of each class session- Those who taken will be considered 'late'.***

***\*'Late' attendances will result in a .5 deduction in participation points for each set of two days late.***

## **Classroom Etiquette**

☐ **Electronic Devices:** Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor. ☐ Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional

restrictions will apply in labs. Please comply as directed by the instructor. ☐ **Disruptive Students:** Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog. ☐ **Children in the classroom:** Due to college rules and state laws, only students enrolled in the class may attend; children are not allowed in IVC classroom

## **Online Netiquette**

***Although this is not an online class, we will use Canvas for Discussions:***

Basically, netiquette is a set of rules for behaving properly online.

- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].

## **Academic Honesty**

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.
