Extra Credit

“When you are through learning you’re through.” John Wooden, Head Coach, UCLA Men’s Basketball
“Failing to prepare is preparing to fail.” John Wooden, Head Coach, UCLA Men’s Basketball

Generally I do not offer extra credit because I have found that extra credit opportunities tend not to achieve the goal of helping students improve their grade. Please do not expect any opportunities for extra credit.

Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Your Grades Matter! In order to continue to receive financial aid, you must meet the Satisfactory Academic Progress (SAP) requirement. Course Policies

- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the [General Catalog](#).
- Children in the classroom: Due to college rules and state laws, only students enrolled in the class may attend; children are not allowed.
- When interacting online, students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, and (10) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!)].
- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do **not** understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.
- All assignments unless otherwise noted are individual assignments. This means that students are expected to perform their own work, and are also not allowed to provide assistance to classmates. Violation of this policy is considered cheating and is grounds for sanctions including disciplinary action.
- Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action.
- All students are expected to create a profile in *MindTap* in the first week because there will be assignments in *MindTap* in this course, possibly including quizzes and exams.. Creating a profile in *MindTap* does **not** cost a students anything out of pocket, so there is no excuse for not having created a profile by the end of the first week. Failure to establish a profile in *MindTap* is grounds for being dropped.
- No student will be allowed to make up past assignments because that student does not have access to necessary course material, including *Canvas* or *MindTap*. While this is a face-to-face class, students understand that they will need to have access to a computer to perform at least some of the assignments.
- High speed WiFi, computer workstations with high speed connections are available to all Imperial Valley College students in the library/learning center. Anyone lacking a computer, high speed internet or both should make arrangements to use the resources available to them in the library/learning center.
