Drawings in any loose paper will not be taken into account as part of the journal. Drawings from other classes will not count either.

The instructor may ask the student to present his journal to see if all drawings belong to the sketchbook. Drawings in the journal should be about real objects, plants, animals or persons; fonts, designs and logos will not be used. The instructor will specify what to do each week for the homework journal. **The journal can be your regular sketchbook for class, but all the drawings should be together in just one side of the sketch book.** At the end of the course the student will have a total of 51 drawings in the sketch journal, each page should be correctly numbered. The student will take good photos of his drawings, will add them to a **PDF Document and will post them on canvas** under the Journal assignment page of the module.
