Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification.

Course Policies

<u>Attendance</u>: A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See <u>General Catalog</u> for details.

- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absence
 exceeds the number of hours the class is scheduled to meet per week may be dropped. For online courses,
 students who fail to complete required activities for two consecutive weeks may be considered to have
 excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

<u>Online Netiquette</u>: "Netiquette" refers to the rules of behaving well online. It can be more difficult to discern meaning in written text than in spoken conversation, so pay particular attention to your words. Keep your language clear and concise; ensure posts are on-topic; use correct spelling, grammar, and capitalization (all caps = yelling); and contribute productively to conversations.
