Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification. Students should not use AI or copy and paste info from the internet for this class.

Course Policies

Attendance/Drop Policy: A student who fails to attend the first class is automatically dropped from the course. Successful students attend every class session. It is the student's responsibility to drop all classes they are no longer attending. However, a student may be withdrawn after the add/drop deadline due to excessive absences. Students who remain enrolled in a class beyond the published withdrawal deadline, will receive an evaluative letter grade in this class (A, B, C, D, F).

Late Work Policy: Any assignment submitted after the due date published on Canvas will be considered late. Should you submit an assignment late, your final grade on the assignment will be penalized by 10%. After that, late work will be penalized at an additional 10% per day. Late work will only be accepted up to 5 days from the day it is due for a maximum 50% deduction. Only emergencies are acceptable exceptions to this rule.
