## Academic Honesty (Artificial Intelligence -AI)

IVC values critical thinking and communication skills and considers academic integrity essential to learning. Using AI tools as a replacement for your own thinking, writing, or quantitative reasoning goes against both our mission and academic honesty policy and will be considered academic dishonesty, or plagiarism unless you have been instructed to do so by your instructor. In case of any uncertainty regarding the ethical use of AI tools, students are encouraged to reach out to their instructors for clarification. Students should not use AI or copy and paste info from the internet for this class.

## Course Policies

**Attendance/Drop Policy:** A student who fails to attend the first class is automatically dropped from the course. Successful students attend every class session. It is the student's responsibility to drop all classes they are no longer

attending. However, a student may be withdrawn after the add/drop deadline due to excessive absences. Students who remain enrolled in a class beyond the published withdrawal deadline, will receive an evaluative letter grade in this class (A, B, C, D, F).

**Late Work Policy:** No late work is accepted and there are no "make ups." There are 1000 points available in the course and students only need 900 for an A, so there are 100 points just in case of emergency.
